

ACF Charting Group Open Issues and OPR from Meeting 15-02

OPR	<i>Presentation, ACF Working Group, Project Report, or Issue Number & Title (Name)</i>
	Required action
AAS-100	<i>Airport GIS Update (AAS-100)</i> AAS-100 to provide update at the next ACF.
AFS-410	<i>13-01-270 Step Down Fix Chart Notes (McGray)</i> Bruce McGray and Rich Boll, NBAA, to review AIM guidance and report on possible revision.
AFS-420	<i>ICAO/IFPP Committee Report (Webb)</i> Mike Webb will provide an update at next ACF. <i>PARC PBN Procedure Naming and Charting (Webb)</i> Mike Webb will provide an update at next ACF. <i>13-01-270 Step Down Fix Chart Notes (Schneider)</i> Tom Schneider to report on progress made on modifying Order 8260.19 to remove *LNAV only and *LOC only stepdown notes. <i>15-02-298 Charting of GLS DMax (Schneider)</i> Tom Schneider will work with Catherine Graham, AFS-470, on revision of FAA Order 8260.19 to support establishment of a DMax waypoint on GLS procedures.
AFS-470	<i>15-02-298 Charting GLS DMax (Service Volume) (Graham)</i> Catherine Graham and Tom Schneider, AFS-420, to work on FAA Order 8260.19 revisions to support establishment of a DMax waypoint on GLS procedures.
AJM-324	<i>Discontinuation of VOR Services (Salcedo)</i> Leonixa Salcedo to provide an update at next ACF.
AJV-54	<i>14-02-282 VASI PAPI Differences (Rush)</i> Brad Rush to report on work on revising the AIM language regarding PAPI and VASI Obstacle Clearance Surface definitions.

AJV-113 ***07-01-195 Charting & AFD Information Regarding Class E Surface Areas (Gallant)***

Paul Gallant will report on the publication of revised AIM guidance and progress in the update of the airspace legal descriptions.

15-02-296 Charting of Unmanned Free Balloon Activities and Amateur Rocket Activity Areas (Eure)

Paul Eure will work with Flight Standards to develop charting criteria for amateur rocket and unmanned free balloon launch sites on Visual Charts. Paul will also consider submission of Notices for publication to the AFDs.

AJV-142 ***National Route Strategy / PBN Implementation Process FAA Order 7100.41 (Kinsler)***

Bruce Kinsler to provide an update an next ACF.

AJV-533 ***13-01-262 Airport Facility Directory (AFD) Depiction of Traffic Pattern Altitudes (Mayhew)***

Rick Mayhew to report on dialog with the Office of Airports and Airport Inspectors regarding securing a source for all the Traffic Pattern Altitudes in NASR.

14-01-274 Solar Power Plant Ocular Hazard Symbol on Aeronautical Charts (Mayhew)

Rick Mayhew to reach out to the Service Areas to solicit submission of solar farms required for charting, to review FAA Order 7900.3 to see if it can be expanded to include ocular hazards for databasing in NASR under the newly developed Special Activity Area resource and research what information is submitted on a construction notice with regard to solar plant construction.

14-01-279 Naming of FAA Certified, National Disseminated AWOS-3 Systems on Private Use Airports (Mayhew)

Rick Mayhew and Valerie Watson, AJV-553, to report back on their findings regarding the ASOS/AWOS list.

15-02-296 Charting of Unmanned Free Balloon Activities and Amateur Rocket Activity Areas (Mayhew)

Rick Mayhew and Valerie Watson, AJV-553, will coordinate with Paul Eure, AJV-113, regarding the publication in the Special Notices section of the AFD.

Jill Olson will provide an update on outcome of discussion with FAA Management regarding public access to Airports GIS.

13-01-261 Alaska Ground Based Transceiver (GBT) Locations (Watson)

Valerie Watson to provide FOIA & General Counsel contacts to proponent John Collins.

14-01-279 Naming of FAA Certified, National Disseminated AWOS-3 Systems on Private Use Airports (Watson)

Valerie Watson and Rick Mayhew, AJV-533, to report back on their findings regarding the ASOS/AWOS list.

14-02-284 DME Facilities – Charting and MAGVAR Issues (Watson)

Valerie Watson to work with Dale Courtney, AJW-292, to develop a charting specification for DMEs.

15-01-289 Adding “CPDLC” Information to Airport Diagram and Terminal Procedures and Updating the AFD (Watson)

Valerie Watson will research digital communications availability, usage, source & suitability for FAA publication and will work to see that the TWIP AIM guidance is updated.

15-01-293 STAR Terminus Point Standardization (Watson)

Valerie Watson to create additional prototype STAR charts depicting terminus identifiers.

15-02-296 Charting of Unmanned Free Balloon Activities and Amateur Rocket Activity Areas (Watson)

Valerie Watson and Rick Mayhew, AJV-533, will coordinate with Paul Eure, AJV-113, regarding the publication in the Special Notices section of the AFD.

15-02-297 Charting of HILPT Maximum Altitude (Watson)

Valerie Watson will draft prototype charts for next ACF.

15-02-298 Charting of GLS DMax (Watson)

Valerie Watson to develop prototypes for the depiction of a DMax waypoint on GLS procedures for consideration at next ACF.

AJV-5223 ***VFR Chart Print Schedule Realignment and Synchronization (Fecht)***

Rick Fecht to provide an update at the next ACF, including status of AIS publication of a Notice of Proposed Policy in the Federal Register affording public comment.

AJW-292 ***14-02-284 DME Facilities – Charting and MAGVAR Issues (Watson)***

Dale Courtney to work with Valerie Watson, AJV-553, to develop a charting specification for DMEs.

MON WG ***15-01-295 Charting of Airports for the MON***

The MON Workgroup will meet to discuss the issues and Vince Massimini, MITRE, will report back.

NBAA ***13-02-270 Step Down Fix Chart Notes (Boll)***

Rich Boll and Bruce McGray, AFS-410, to review AIM guidance and report on possible revision.
