SAFETY ALERT

Date: June 22, 2016
To: Users of the Coded Instrument Flight Procedures (CIFP)
From: National Aeronautical Navigation Services (AeroNav Services)
Subject: Incorrect MEAs coded for Airway V440

There are errors in the 23 June 2016 edition of the CIFP (1607).

Incorrect minimum altitudes (5.30) are used for airway (ER) V440 between sequences 3080 (UNK) and 3090 (YAGUN), the MEA values should be 0800004600 vice 04600.

These errors will be corrected in the 1608 edition of the CIFP.
