

Federal Aviation Administration

CHARTING NOTICE

Date: March 31, 2016

To: Users of the Airport/Facility Directories (A/FDs)

From: Aeronautical Information Services

Subject: Changes to the A/FDs (Chart Supplements U.S.) to comply with updated Interagency Air Cartographic (IACC) 8 Specifications.

The FAA/ Aeronautical Information Services will implement updated IACC 8 Specifications to include all of the “Green Books” (the volumes that cover the lower 48 states, Puerto Rico and the U.S. Virgin Islands) with the March 31, 2016 editions. The major noticeable change will be the title change from Airport/Facility Directory to Chart Supplement U.S. Airport/Facility Directory will still refer to the front section of the books where the airports, NAVAIDs, and weather devices are listed. Chart Supplement will refer to the entire volume. An example of the new Northeast cover is shown below.
