

# Federal Aviation Administration

## SAFETY ALERT

Date: September 6, 2016

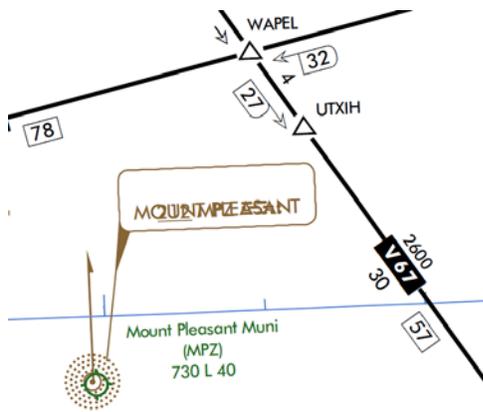

To: Users of the IFR Enroute L-27 chart PDF and Geo-tiff files

From: Aeronautical Information Services

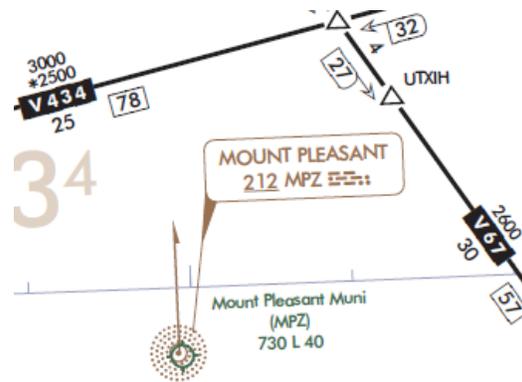

Subject: Low Altitude Enroute Chart L-27, Effective September 15, 2016

Mount Pleasant (MPZ) NDB communication box illegible.

The Mount Pleasant (MPZ) NDB communication box is illegible on both the ELUS27 Sept 15 2016 Geo-tiff and the PDF due to overlap of the text. The published paper chart depicts the correct information.

Geo-tiff and PDF

Published printed chart

A corrected Geo-tiff and PDF will be issued for the Nov 10, 2016 chart cycle.
