

Federal Aviation Administration

SAFETY ALERT

Date: December 10, 2020
To: Users of the 56-Day NASR Subscriber File, Airspace.txt File
From: Aeronautical Information Services, AJV-A
Subject: Dillon, MT Class E Airspace

The Class E airspace for Dillon, MT that is contained in the subscriber files effective for November 5, 2020 is incorrect. The correct description for the Dillon, MT Class E is as follows:

That airspace extending upward from 700 feet above the surface within a 5.2-mile radius of the airport, and within 3 miles each side of the 205[deg] bearing from the airport, extending from the 5.2-mile radius to 9.9 miles southwest of the airport, and that airspace within 8 miles west and 4 miles east of the 005[deg] bearing from the airport, extending from the 5.2-mile radius to 16 miles north of the airport; and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of Dillon Airport.

This correction will be applied to the 56-Day NASR Subscriber File, Airspace.txt File, effective January 28, 2021.
