## SAFETY ALERT

Date: June 27, 2022

To: Users of the NASR 28 and 56 Day Subscriber Files

From: Aeronautical Information Services, AJV-A

Subject: RST Magnetic Variance

---

---

Attention users of the NASR Subscriber Files. The Magnetic Variance for RST airport and ILS was modified in error on 05/26/2022 in NFDD 102 from 1E to 1W. This error was subsequently published in the APT and ILS (.txt &.csv) subscriber file for effective date 07/14/2022. Please use RST Magnetic Variation 1E to update 07/14/2022 data and publications. RST Magnetic Variation of 1W will become effective in APT and ILS (.txt &.csv) subscriber file effective 09/08/2022.
