SAFETY ALERT

Date: May 1, 2026

To: Users of the NASR 28- and 56-Day Subscriber Files

From: Aeronautical Information Services, AJV-A

Subject: UNICOMM FREQUENCY FOR Airlake Airport (LVN)

Correction of UNICOM Frequency for Airlake (LVN)

Attention users of the NASR Subscriber Files. The UNICOM communication frequency for Airlake Airport, LVN was published with the incorrect frequency in the 16 April 2026 28-Day NASR Subscriber file. The subscriber file was published with 123.05 frequency for the UNICOM for LVN, which is incorrect. The correct UNICOM frequency is 123.00.

The 28-day subscriber file dated 14 May 2026, which is effective through to 11 June 2026, has the correct UNICOM frequency of 123.05.

LVN NOTAM # 04/025 effective 28 April 2026 is active.
