Flight Information

The accuracy and currency of information contained in this guide is uncertain due to the difficulty in obtaining the information and the rapidly changing environment. Aviators should always check with a country's aviation authority or a local aviation handler to determine any specific aircraft airworthiness/equipment and crew/passenger entry requirements.

Airports of Entry

DFFD	Ouagadougou International Airport
DFOO	Bobo-Dioulasso International Airport

Entry/Exit Requirements

Entry and exit requirements are for aircraft departing the United States non-stop to country of destination. These requirements do not include any technical stops. Please refer to **Technical Stop** section in **Additional Flight Information** for the country at which the technical stop will be made.

Entry and Exit documentation forms vary from country to country. In general, however, ICAO member countries will accept the following standard ICAO Annex 9 Entry/Exit documents:

- General Declaration
- Passenger Manifest
- Cargo Manifest
- Embarkation/Disembarkation Card
- Certificate of Residual Disinsection

Examples of these documents can be found at [IFIM Home>General Information>International Flying Overview> ICAO Annex 9 Entry/Exit Documents](#).. The acceptance of these ICAO documents must be confirmed by the appropriate AIS.

Entry Requirements (Departing the U.S.)

- File an [eAPIS](#) manifest outbound (recommend inbound at this time, too)
- File and activate international flight plan
- Land at a designated airport of entry (AOE) – customs and immigration

The following entry documents are required:

Passengers –

- Valid passport
- [Visa](#)
- Yellow Fever vaccination certificate

Pilots – Same as passengers

Aircraft –

- Passenger manifest – 1 for Customs, 1 for Immigration, 1 for Health
- General Declaration – 1 for Customs, 1 for Immigration, 1 for Health
- Cargo Manifest – 1 for Customs

Exit Requirements (Departing Burkina Faso)

- Passenger manifest to Customs (1 hour before departure)
- Depart from an AOE
- File [eAPIS](#) manifest if inbound to the U.S.
- File an international flight plan
- Call U.S. Customs at filed U.S. airport of entry

Additional Flight Information

Aircraft Instruments and Equipment

U.S. aircraft airworthiness and certification requirements may not meet other countries requirements. It is the responsibility of the pilot to determine if the aircraft meet those requirements.

The items listed below are for pilots' reference to determine if the aircraft meets minimum instrument and equipment requirements of the destination country. Additional equipment may be required to comply with the airspace navigation requirements.

- VHF and HF communication and navigation equipment suitable for the route and landing.

Note: If equipped with TCAS, ACAS or transponder, must comply with ICAO standards

Commercial air transport aircraft operating in the member states of ASECNA must be complied with the provisions of ICAO Annex 6 - Operation of aircraft, Part 1- International Commercial Air Transport- Aircraft, Chapter 6 (Aircraft instruments, Equipments and Flight documents) and Chapter 7 (Aeroplane Communication and Navigation Equipment).

All aircraft assigned to fly over an inhospitable region must be provided with special facilities including signaling, emergency and survival equipments and the manuals to operate such equipment. **The requirements for flight over inhospitable regions are extensive and too numerous to list. One should reference the free on-line AIP for details.**

ICAO Documents can be purchased from ICAO at: <http://store1.icao.int/>

RVSM

Domestic and International RVSM guidance is provided on the IFIM Home Page. Click on the **Air Traffic** tab and select **Separation Standards** from the drop down list.

Technical Stop / Overflight

To perform Technical stops or overflights of the territory of an ASECNA member state it is necessary for the operator to obtain prior permission for this purpose at least 7 days before the expected arrival of the flight. The request must be submitted directly to the Ministry in charge of Civil Aviation (D.A.C).

Non-scheduled Flights (Charters)

Commercial air transport aircraft operating in the member states of ASECNA must be comply with the provisions of ICAO Annex 6 - Operation of aircraft, Part 1- International Commercial Air Transport- Aircraft, Chapter 6 (Aircraft instruments, Equipments and Flight documents) and Chapter 7 (Aeroplane Communication and Navigation Equipment).

If an operator intends to perform one or a series of non-scheduled flights into the territory of an ASECNA member state, for the purpose of taking on or discharging passengers, cargo or mail, it is necessary for the operator to apply to the authority concerned for permission to carry out such operations at least 7 days before the expected arrival. The request must be submitted directly to the Ministry in charge of Civil Aviation (D.A.C).

Private Flights

An authorization request must be submitted to the Ministry in charge of Civil Aviation (D.A.C) at least 7 days before the flight. For a stay beyond the date of arrival, a custom carnet will be accepted instead of a bond or any other financial guarantee (insurance).

Float Planes

The IFIM staff is not aware of any Float plane requirements or restrictions.

Light Sport Aircraft

The IFIM staff is not aware of any Light Sport Aircraft requirements or restrictions.

Fees

Users should anticipate varying fees for air navigation, landing, runway lighting, passenger services, overtime, parking, hangarage, fuel surcharge, passenger tax, security and Infrastructure fees. Please refer to the free on-line Burkina Faso AIP for details.

Fuel

Jet A1 and Avgas are available at both AOE's.

VFR

The VFR flights are not allowed above FL150.

Night VFR

VFR flights are not authorized at night, which means, during the period that begins 15 minutes after the sunset and finishes 15 minutes before the sunrise.

Island Hopping

The IFIM staff is not aware of any Island hopping requirements or restrictions.
