Flight Information

The accuracy and currency of information contained in this guide is uncertain due to the difficulty in obtaining the information and the rapidly changing environment. Aviators should always check with a country's aviation authority or a local aviation handler to determine any specific aircraft airworthiness/equipment and crew/passenger entry requirements.

Airports of Entry

[HBBA](#) [Bujumbura International Airport](#)

Entry/Exit Requirements

Entry and exit requirements are for aircraft departing the United States non-stop to country of destination. These requirements do not include any technical stops. Please refer to **Technical Stop** section in **Additional Flight Information** for the country at which the technical stop will be made.

Entry and Exit documentation forms vary from country to country. In general, however, ICAO member countries will accept the following standard ICAO Annex 9 Entry/Exit documents:

- General Declaration
- Passenger Manifest
- Cargo Manifest
- Embarkation/Disembarkation Card
- Certificate of Residual Disinsection

Examples of these documents can be found at [IFIM Home>General Information>International Flying Overview> ICAO Annex 9 Entry/Exit Documents](#). The acceptance of these ICAO documents must be confirmed by the appropriate AIS.

Entry Requirements (Departing the U.S.)

- File an [eAPIS](#) manifest outbound (recommend inbound at this time, too)
- File and activate international flight plan
- Land at a designated airport of entry (AOE) – customs and immigration

The following entry documents are required:

Passengers –

- Valid passport
- [Visa](#) for some countries

Pilots – Same as passengers

Note: Other pilot/crewmember requirements may be applicable in lieu of those stated. Contact appropriate AIS for further clarification prior to flight.

Aircraft –

Exit Requirements (Departing Burundi)

- Depart from an AOE

- File [eAPIS](#) manifest if inbound to the U.S.
- File an international flight plan
- Call U.S. Customs at filed U.S. airport of entry

Additional Flight Information

Aircraft Instruments and Equipment

U.S. aircraft airworthiness and certification requirements may not meet other countries requirements. It is the responsibility of the pilot to determine if the aircraft meet those requirements.

The items listed below are for pilots' reference to determine if the aircraft meets minimum instrument and equipment requirements of the destination country. Additional equipment may be required to comply with the airspace navigation requirements.

Commercial air transport aircraft operating in the Republic of Burundi must adhere to the provisions of Annex 6 Operation of Aircraft, Part I, Chapter 6 (Aircraft Instruments, Equipment and Flight Documents) and Chapter 7 (Aircraft Communication and Navigation Equipment).

ICAO Documents can be purchased from ICAO at: <http://store1.icao.int/>

RVSM

[Domestic and International RVSM](#) guidance is provided on the IFIM Home Page. Click on the **Air Traffic** tab and select **Separation Standards** from the drop down list.

Fees

Users should anticipate varying fees for landing, lighting, cargo surcharge, fuel surcharge, passenger fees, security and air navigation.

Fuel

JP 1 and Avgas are available at Bujumbura International Airport. No Avgas refueling at night.

VFR/Night VFR

VFR:

VFR flights are prohibited above FL150.

Night VFR:

Night flights are only authorized at the Bujumbura airport.

Island Hopping

The IFIM Staff is not aware of any Island Hopping requirements or restrictions.

Aeronautical Charts

All published charts are available by buying a Burundi AIP or may be ordered from the AIS (see Designated Authorities for address)

Prohibitions, Restrictions and Notices

Prohibitions, Restrictions and Notices may be found on the IFIM main page under General Information. Click [HERE](#) to open.
