

Jordan

Notice

All travelers are advised to exercise a high degree of caution in Jordan because of the risk of terrorist attack. You should avoid large crowds, political gatherings and demonstrations. Violent incidents have taken place at the Zaatari refugee camp and on several university campuses.

Pay attention to your personal security at all times and monitor the media for information about possible new safety and security risks. Demonstrations have been taking place in Jordan since January 2011, including in Amman and most other major cities.
