

United Arab Emirates

Notice

All travelers are advised to exercise a high degree of caution in the UAE because of the threat of terrorist attack. We have in the past received reports that terrorists are planning attacks against Western interests in the UAE.

Attacks could be indiscriminate and could happen at any time, including in places frequented by foreigners. You should maintain a high level of security awareness, particularly in public places.

Pay close attention to your personal security at all times and monitor the media for information about possible new safety or security risks.
