Brian Crogan AFS-330-135	2/09/26	I	System No. 21	The table of contents and control page shows Rev 1 with a date of 12/15/2022, for ATA 21 where in Rev 1a document all the pages say original with a date of 11/25/2019.	Review and update the table of contents and control page accordingly.	Corrected by AFB-120.		
Brian Crogan AFS-330-135	2/09/26	I	System No. 22	The table of contents and control page shows Rev 1 with a date of 12/15/2022, for ATA 22 where in Rev 1a document all the pages say original with a date of 11/25/2019.	Review and update the table of contents and control page accordingly.	Corrected by AFB-120.		
Brian Crogan AFS-330-135	2/09/26	I	System No. 24	The table of contents and control page shows Rev 1 with a date of 12/15/2022, for ATA 24 where in Rev 1a document all the pages say original with a date of 11/25/2019.	Review and update the table of contents and control page accordingly.	Corrected by AFB-120.		
Brian Crogan AFS-330-135	2/09/26	I	System No. 26 & page 26-2	The table of contents and control page shows Rev 1 with a date of 12/15/2022, for ATA 26 where in Rev 1a document page 26-1 states original with a Rev date of 11/25/2019, and page 26-2 has a revision # X with a date of 12/15/2022. There has not been a revision X for this MMEL.	Review and update the table of contents and control page accordingly. Also, page 26-2 needs to be updated with the correct revision #.	Corrected by AFB-120.		
Brian Crogan AFS-330-135	2/09/26	III	Explanation of change for 34-35-02	The MEL numbering format on the highlights of change page for 34-3, states "Added relief for the Enhanced Vision System (EVS) 3435-02.	Update to 34-35-02.	Corrected by AFB-120.
