Mr. Harry Berndt
Just Aircraft LLC
170 Duck Pond Road
Walhalla, SC 29691

Dear Mr. Berndt:

The Federal Aviation Administration (FAA) National Kit Evaluation Team completed an evaluation of the Just Aircraft "Escapade" Amateur-Built kit on July 29, 2013. This kit is defined by the Kit Pack BOM dated 9/11/12. The team determined that the kit may allow an amateur builder to meet the major portion requirement of title 14, Code of Federal Regulations part 21, Certification Procedures for Products and Parts, § 21.191 (g).

We will advise the Aircraft Certification Service' Production and Airworthiness Division to add the kit to the Revised Listing of Amateur-Built Aircraft Kits (Kit List) located on the FAA website. This evaluation does not mean that the Escapade aircraft or Just Aircraft, LLC is FAA "*certified, certificated, or approved*", and it is inappropriate to represent either as such.

Just Aircraft, LLC should notify this office in writing if ownership of the company changes and or it there are changes made to the evaluated kit that may affect its potential to meet the major portion requirement. Failure to notify this office may result in removal of the kit from the Kit List.

If you have any questions, please contact the Manufacturing Inspection Office (MIO) at (816) 329-4180

Sincerely,

James E. Jackson
Manager, Manufacturing Inspection Office, ACE-180
