Paperwork Reduction Act Burden Statement: A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Number for this information collection is 2120-0698. Public reporting for this collection of information is estimated to be approximately 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing and reviewing the collection of information. All responses to this collection of information are voluntary. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the FAA at: 800 Independence Ave. SW, Washington, DC 20591, Attn: Information Collection Clearance Officer, ASP-110.

# LASER BEAM EXPOSURE **QUESTIONNAIRE**

Complete guestionnaire and e-mail to: laserreports@faa.gov OR send via fax to FAA Washington Operations Center Complex (WOCC) - (202) 267-5289 ATTN: DEN

# **CONTACT INFORMATION**

Name of pilot/crewmember reporting

E-mail address and phone number (e.g., home, cell, work)

What seat in the cockpit were you occupying at the time of the laser beam exposure?

CLeft

C Right ○ Jumpseat ○ Flight Engineer

How many crewmembers on the flight had laser light shined directly in their eyes?

O None (the laser light beam did not directly enter anyone's eyes)

One ∩ Two ○ Three ○Four or more

Note: If any other crewmember had direct exposure to the laser light in their eyes, each person exposed should complete their own copy of this FAA Laser Beam Exposure Questionnaire

○ Other/Not applicable

## **FLIGHT INFORMATION**

Flight number, call sign and aircraft registration number (e.g., SWA572, Southwest, N287WN)

Aircraft Make and Model (e.g., Boeing 737, Cessna 172, Airbus A320, BAE Jetstream 32, Dornier 328)

Category of	aircraft						
○ Airplane	C Rotorcraft	C Lighter than air	Other (specify)				
Type of oper	ation						
	al Aviation OG	eneral Aviation O Mili	tary CLaw Enforce	ment			
○ Medical	O News Repor	ting Other (specify)					
Date of lase	r incident						
	Please enter date of laser incident in Month Day, Year format (e.g., July 27, 2012). OR mouse click in the data field to display a drop down arrow to view calendar and make your selection. The calendar selection is optimized for PC's and may not be available on a Mac.						
Time of lase	r incident (enter	Universal Time Coord	dinated (UTC/Zulu) f	ormat rounded to the nearest five minutes)			
	UTC/Zulu						

Time of day	during laser incide	ent			
Location of	aircraft during lase	er incio	lent (Fixe	ed Radial Distan	ace (FRD) from navaid or airport, <b>OR</b> add lat/long coordinates)
					laser source relative to KDFW approach end of runway 35L provide estimated lat/long coordinates)
Approxima	te altitude of the air	craft a	bove gro	ound level (AG	iL)
	ection of flight at th				
∩N ⊖S	⊖ NW ⊖ SW		) NE ) SE	⊖e ⊖w	○ None/Hover
					$\sim$
_	_	ou in d	_		t? (check all that apply)
Taxi	Takeoff		_	imb to altitude	Cruise altitude
Descen	Final appr	oach		anding	Low-altitude (<500 ft. AGL) level flight
Hover	Other (spe	cify)			
				EFFECT ON	I FLIGHT
during the f					ith your performance of pilot or crewmember duties violation did not occur, and your report will not be
⊖ Yes	⊖ No				
If you select	ed "Yes" above, how	did th	e laser ill	umination interfe	ere with your pilot or crewmember duties?
Flight Path:	Did the laser illum	inatio	n cause t	he pilot/crewm	nember to change the aircraft flight path?
○ No chang	e in flight path	⊖ Minc	or or non-a	dverse change	○ Major or adverse change
Did the lase	er cause you to dive	ert you	r attentio	on from your c	rewmember duties?
() Yes	∩ No				
Did you sea	rch for the source	of the	laser?		
∩ Yes	⊖ No				
	er cause a physical hat interfered with y				nber duties (for instance, did the laser cause flash iments)?
⊖ Yes	◯ No				

**Disruption of Mission:** Answer this question ONLY if you were conducting law enforcement, medical or military flight operations during the time of the laser illumination incident. Did the laser illumination incident disrupt your mission?

⊖Yes ⊖No

If you selected "Yes" above, how did the laser illumination interfere with your mission?

## LASER INFORMATION Color of the laser light? (if multi-colored, check all that apply) Red Blue Green Yellow Orange White Purple Other (specify) Tracking: Did the laser beam appear to deliberately track the aircraft? ○ Unsure/other (specify) ∩ Yes ○ No Cockpit illumination: Did the laser beam enter through the windscreen and illuminate any part of the cockpit? O Yes ∩ No Other (specify) Eye exposure: Did the the laser beam light shine directly into one or both of your eyes? ○ Shined a little in my eye(s) O Did not shine directly in my eye(s) Shined brightly in my eye(s) EFFECT ON YOUR EYE(S): Answer questions below ONLY if the laser beam shined a little or brightly in your eye(s) Did you experience any adverse VISION EFFECTS\* from the exposure? (check all that may apply) Did not experience adverse vision effects Glare (could not see past the light while it was in your eye(s)) Temporary flash blindness and/or after images (similar to a camera flash) One or more blind spots (spots in visual field lasting longer than 5-10 minutes) Blurry vision Significant loss of night vision Other (specify)

### \*Examples of common vision effects

*Glare:* A temporary disruption in vision caused by the presence of a bright light (such as an oncoming car's headlights) within an individual's field of vision. Glare lasts only as long as the bright light is actually present within the individuals field of vision. *Flash blindness:* A temporary visual interference effect that persists after the source of the illumination has ceased, similar to a bright camera flash.

After image: An image that remains in the visual field after an exposure to a bright light.

**Blind spot:** A temporary or permanent loss of vision of part of the visual field. Unlike an after image, a blind spot does not fade, or fades very slowly (taking many minutes, hours or days to fade out).

### Did you experience any adverse PHYSICAL EFFECTS from the exposure? (check all that may apply)

Did not experience adverse physical effects								
Watering eye(s)								
Eye(s) discomfort or pain								
Eveling of shock								
Disorientation or dizziness								
Other (specify)								
Did you rub your eye(s) after the exposure?								
O No significant rubbing O Rubbed them a little O Rubbed them vigorously								
LASER INCIDENT REPORTING								
Did you report the incident to Air Traffic Control (ATC)?								
O Did not report to ATC								
C Reported via aircraft radio communication								
C Reported via phone call								
C Reported via walk-in to FAA ATC facility								
Other (specify)								
Did you report the laser incident to an FAA Flight Standards (AFS) field office? (e.g., FSDO, CMO, CHDO)								
O Did not report to AFS								
C Reported via aircraft radio communication								
C Reported via phone call								
○ Reported via walk-in to FAA AFS field office								
Other (specify)								
If you reported to an FAA AFS field office, enter the name and office location								

#### ADDITIONAL INFORMATION

#### Did you have any prior knowledge or training on the hazards and effects of lasers aimed at a pilot/crewmember?

$\bigcirc$	None
------------	------

O Basic information about the hazards and effects of lasers

C Detailed, specific information such as how to recognize and recover from laser illuminations

C Simulator training or similar exposure to laser-like illuminations in an aviation training environment

Other (specify)

Please feel free to add any additional information or comments about your flight, the laser incident, reporting, and/or subsequent outcome:

### THE FOLLOWING SECTION IS FOR ATC FACILITIES USE ONLY

#### Did you report the unauthorized laser illumination incident to the Domestic Incidents Network (DEN)?

○ No	○ Yes
------	-------

What local law enforcement agency did you contact? (Include their phone number)

#### Was an arrest made?

- No arrest, or arrest unlikely
- O Maybe, still working the case
- Yes, arrest was made
- C Arrest status is unknown

Other (specify)

# SUBMIT COMPLETED FAA LASER BEAM EXPOSURE QUESTIONNAIRE

Thank you for taking time to complete this questionnaire. Please "save" the completed questionnaire and submit to the FAA using one of the two methods described below:

- 1. Attach the saved PDF to an e-mail and send to: laserreports@faa.gov
- 2. Send via fax to FAA Washington Operations Center Complex (WOCC) (202) 267-5289 ATTN: DEN
