

Grant Funding Authorizations, Obligation Limitations, and Obligations

The following chart shows the cumulative performance of the AIP since the program's inception in 1982. Funding amounts are shown in millions of dollars.

¹Gross obligations are calculated by adding the amount of new grants awarded with the amount of recoveries in prior-year grants used for increases in existing grants. Gross obligations include current year funds plus reobligations of funds recovered from adjustments to prior-year projects. The difference between yearly gross obligations and new grants is attributed to increases to existing grant agreements.

²The FY 1982 gross obligations included ADAP entitlements that were authorized to be continued under the AIP. FY 1982 data does not include an FY 1982 grant to the Cannon International Airport (now Reno-Tahoe International Airport), Reno, Nevada, for \$5.1 million that was funded with FY 1982 funds authorized prior to approval of the AIP.

³For FY 1982 to 1993, gross obligation amounts do not include reobligated funds recovered from adjustments to obligations made under the ADAP authorized from FY 1970 through FY 1981. Legislation allowed use of recovered ADAP funds for ADAP grant increases up to a maximum of 10 percent of the original grant amount. Reobligation amounts were:

- \$7.1 million for 1982;
- \$6.7 million for 1983;
- \$7.1 million for 1984;
- \$5.2 million for 1985;
- \$4.0 million for 1986;
- \$6.7 million for 1987;
- \$2.7 million for 1988;
- \$3.1 million for 1989;
- \$1.1 million for 1990;
- \$0.4 million for 1991;
- \$0.2 million for 1992; and
- \$0.1 million for 1993.

⁴The FY 1983 appropriation included \$600 million of the \$800 million authorized and \$150 million of the \$200 million authorized by the Surface Transportation Assistance Act of 1982 (STAA) and appropriated under the Jobs Stimulus Bill (P.L. 98-8), plus another \$54.5 million of unrequested entitlements carried over from prior years.

⁵The STAA increased authorization by \$200 million in FY 1983 and FY 1984 and by another \$75 million in FY 1985. The projects approved under this authorization were referred to as “Jobs Bill Projects,” since they were financed with funds appropriated by the Jobs Stimulus Bill.

⁶The FY 1984 appropriation included \$793.5 million of the \$993.5 million authorized and \$6.5 million of the \$200 million authorized by the STAA and appropriated under the Jobs Stimulus Bill.

⁷The FY 1986 appropriation included \$885.2 million of the \$925 million authorized and was reduced by P.L. 99-177, Balanced Budget and Emergency Deficit Control Act.

⁸The FY 1987 appropriation included the \$1 billion authorized, plus a \$25 million supplemental appropriation (P.L. 100-71).

⁹The total amount authorized in FY 1994 was \$2.97 billion. Compared to historical authorizations, the FY 1994 amount was anomalous. This was due to the combination of the lapse of authority of the AIP after FY 1993 and the amendments extending the program in May 1994 and August 1994.

¹⁰Congress imposed rescissions in contract authority of \$50 million per P.L. 104-208, Omnibus Consolidated Appropriations Act (1997), and \$750 million per P.L. 105-18, 1997 Emergency Supplemental Appropriations Act for Recovery from Natural Disasters, and for Overseas Peacekeeping Efforts, Including Those in Bosnia.
