88-5.1 Suspension and Debarment - Ben Castellano (267-8822)

On May 26 OMB and DOT published in the Federal Register a new common rule on suspension and debarment (see attachment A). It amends the previous DOT rule, 49 CFR Part 29, published in the FR on October 20, 1987, and includes two major changes which will go into effect on October 1, 1988:

1. A person or company suspended or debarred in any Government program is ineligible to receive contracts under the AIP. GSA will publish a list entitled "List of Parties Excluded From Federal Procurement or Nonprocurement Programs" and distribute it to the Airports field offices.

2. A standard clause (attachment B) is required in all solicitations, contracts, and subcontracts, which are expected to be for $25,000 or more, whether for services, equipment, materials, or construction. All contracts for audit services are covered, regardless of cost.

88-5.2 MLS Transition Policy - Ben Castellano (267-8822)

Grant requests for an ILS under the MLS Transition Policy should be forwarded directly to the MLS coordinator in the regional Flight Standards Division for action. They will send their recommendation to the Manager, Program Management Division, APR-100, who will handle coordination in Headquarters and forward for the Administrator's approval, as appropriate. If approved, APP-500 will notify the Airports Division to proceed with the programming of the ILS. The ten place-named ILSs in the FY88 Appropriations Bill Report language are exempted from this procedure, and regions may process the applications as they are ready.
88-5.3 Disadvantage Business Enterprises Program - Ben Castellano (267-8822)

On Monday, May 23, DOT published in the Federal Register (attachment C) the technical amendments to 49 CFR part 23. This puts the ATP under Subpart D of the regulation. The regional Civil Rights offices are sending a copy of a letter (attachment D) to all Airports sponsors who will be affected by this change. Between now and July 15, sponsors should change contract goals in their bid solicitations from MBE/WBE to a single DBE (which will total the separate MBE & WBE figures). Bids already solicited or contracts already awarded will not have to be amended. Any bid solicited after July 15 must specify the DBE contract goal. Further guidance will be forthcoming on additional changes in the civil rights program for airport sponsors.

88-5.4 Pavement Management Programs - Mark Beisse (267-8826).

Guidance currently contained in Paragraph 306 of Order 5100.38 allows pavement condition surveys as eligible but states that pavement management programs are ineligible. The following guidance amends this to allow funding of pavement management programs at the network level and establishes a level of detail appropriate to a management program.

Based on current experience with pavement condition index (PCI) surveys, the PCI survey alone is only an indicator of pavement condition at a point in time. To be more useful for identifying cost-effective maintenance and rehabilitation, the PCI survey may be used in conjunction with a systematic approach to inventory and process data. This allows the sponsor, a state for example, to use a network of pavement data.

Pavement data may be analyzed at both the network and project levels. The network level considers total pavement in a master or system plan context and examines alternatives and time frames to maximize benefits. It is directed toward keeping acceptable performance while minimizing maintenance and rehabilitation costs.

The project level is site specific and results in detail appropriate only to development project formulation, not planning. The objective is to assess causes of pavement deterioration, determine potential solutions, assess benefits of alternatives, carry out life-cycle costing, and select the solution. At this level, sufficient information must be obtained to evaluate the pavement's structural capacity and determine the causes of and extent of pavement deterioration. This level of detail is beyond that needed for a network of pavement information funded under master or system planning and should therefore be confined to an airport development project.

We recognize that sponsors of planning studies desiring to establish a network pavement management program may properly request it under that broad heading or some related title. It is the level of detail proposed that should be reviewed to determine eligibility for master or system planning as discussed below. In
In this regard, pavement management programs funded under master or system planning should include an action plan indicating how information developed will be used to help airport sponsors manage pavements. The action plan should clearly identify follow-on commitment on the part of both planning agency and airport sponsor to the study recommendations.

a. Work Eligible Under Master Or System Planning.

Funding to establish and implement a pavement management program at the network level is eligible as master or system planning under the Airport Improvement Program. Work items are limited to the following elements:

- Network definition to divide pavement data into components for storage, retrieval, and evaluation.

- Pavement condition survey to inspect pavement surfaces for signs of distress resulting from aircraft traffic or climatic conditions and development of a PCI.

- Construction history including dates and pavement structure of new construction, overlays, and rehabilitation work. A determination should be made on an airport by airport basis that FAA pavement files are not current before funding this element.

- Traffic volume and load intensity for each pavement section.

- Inspection scheduling based on minimum PCI and pavement deterioration rates.

- Pavement condition report which rates network deterioration or improvement to determine the impact of deferring maintenance and rehabilitation.

- Priority scheme and ranking of pavement sections by condition within various grouping options.

- Maintenance and rehabilitation cost scheduling to develop average unit costs based on surface type, PCI ranges, and distress severity.

- Budget planning to develop minimum target PCI values for each pavement type in the network. This element, in conjunction with maintenance and rehabilitation costs as well as projected inflation rates, is used to produce budgets required to maintain the network above a particular condition level.

- Acquisition of available software dedicated to the study, e.g. Micro-PAVER, and the cost of computer time to store, process, and analyze the data is eligible. Computer processing and graphics should not be required unless necessary and the least cost method.
o Periodic updating of pavement management programs is eligible as an element of master or system planning. Based on current experience, this should be limited to a three year cycle so that after initial surveys updating of information would not be accomplished until the third year. If desired, the process can be phased so that only a certain number of airports are reviewed in any given year.

b. Work Eligible Under Development Projects Only.

Work at the project level is eligible under development projects as follows:

- Nondestructive testing such as deflection testing, ground penetrating radar, and video logging.
- Destructive testing such as soil borings, pavement cores, and soil strength tests.
- Analyzing alternatives and development of engineering solutions.
- Engineering design work.

c. Ineligible Work.

Work ineligible under the Airport Improvement Program includes:

- Developing software beyond that commercially available. This is considered research, not planning and design.
- Computer hardware and common use software, e.g. word processing.
- Pavement management programs at airports which are in state system plans but not National Plan of Integrated Airport Systems.
- Day to day operational costs of running a pavement management program beyond periodic updating of the pavement management program.

d. Scope And Use Of Pavement Management Under System Planning.

Pavement management under system planning requires special consideration:

- Normally, pavement management programs would be accomplished through master planning projects at most major airports with the state system plan covering other airports the state wishes to cover. However, only costs for airports in the National Plan of Integrated Airport Systems will be allowable under pavement management programs.
- A pavement management program and updates for a particular airport are only eligible once, either in a master or system plan.
Once a pavement management program is undertaken, the sponsor must commit to keeping the data current through a triennial update of the entire program or any other reasonable approach, e.g. a phased approach with one-third done each year.

Airport development work identified through a pavement management program should be reflected in the state's capital improvement program.

e. Cost Guidance.

The cost of PCI surveys and pavement management programs has varied widely. Each proposal should be reviewed carefully to determine that costs and manhours are necessary and reasonable. In order to develop national guidance for reasonableness of cost, we request that you send to APP-510 cost information on all pavement management system work proposed in your region. Until guidance is issued, questions about cost should be addressed to AAS-200.

We are revising Order 5100.38 to reflect this guidance.

Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of Executive Order 12549 and the guidelines promulgated by the Office of Management and Budget under section 6 of the Executive Order by:

1. Prescribing the programs and activities that are covered by the governmentwide system.
2. Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use:

3. Providing for the listing of debarred and suspended participants, participants declared ineligible (see definition of "ineligible" in §23105(i)), and participants who have voluntarily excluded themselves from participation in covered transactions.

4. Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion; and

5. Offering such other guidance as necessary for the effective implementation and administration of the governmentwide system.

(c) Although these regulations cover the listing of ineligible participants and the effect of such listing, they do not prescribe policies and procedures governing declarations of ineligibility.

§23105 Definitions.

(a) Adequate evidence. Information sufficient to support the reasonable belief that a particular act or omission has occurred.

(b) Affiliate. Persons are affiliates of each other if, directly or indirectly, either one controls or has the power to control the other, or a third person controls or has the power to control both. Indicia of control include, but are not limited to: interlocking management or ownership, identity of interests among family members, shared facilities or equipment, common use of employees, or a business entity organized following the suspension or debarment of a person which has the same or similar management, ownership, or principal employees as the suspended, debarred, ineligible, or voluntarily excluded person.

(c) Agency. Any executive department, military department or defense agency or other agency of the executive branch, excluding the independent regulatory agencies.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as "covered transactions." (b) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds. (c) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between a Federal agency and a person. (d) Other transactions. Other transactions where the application of these regulations would be prohibited by law. (e) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will apply. Subpart B, "Effect of Action," § 29.200, "Debarment or Suspension," sets forth the consequences of a debarment or suspension. Those consequences would obtain only with respect to participants and principals in the covered transactions and activities described in § 29.110(a). Sections 29.325, "Scope of debarment," and 29.420, "Scope of suspension," govern
the extent to which a specific participant or organizational elements of a participant would be automatically included within a debarment or suspension action, and the conditions under which affiliates or persons associated with a participant may also be brought within the scope of the action.

(c) Relationship to Federal procurement activities. Debarment and suspension of Federal procurement contractors and subcontractors under Federal procurement contracts are covered by the Federal Acquisition Regulation (FAR), 48 CFR Subpart 9.4.

§ 29.115 Policy.
(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government's protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

§ 29.120 Saving clause.
Any debarment or suspension initiated before October 1, 1988, shall be governed by Part 29 of the Department's regulations as Part 29 existed immediately before October 1, 1988, including § 29.125 thereof.

Subpart B—Effect of Action
§ 29.200 Debarment or suspension.
(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the executive branch of the Federal Government for the period of their debarment or suspension. Accordingly, no agency shall enter into primary covered transactions with such debarred or suspended persons during such period, except as permitted pursuant to § 29.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been debarred or suspended shall be excluded from participating as either participants or principals in lower tier covered transactions (see § 29.110(a)(1)(ii)) for the period of their debarment or suspension.

(c) Exceptions. Debarment or suspension does not affect a person's eligibility for:

(1) Statutory entitlements or mandatory awards (but not subterfuge awards thereby which are not ourselves mandatory), including deposited funds insured by the Federal Government;

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

(3) Benefits to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted);

(4) Federal employment;

(5) Transactions pursuant to state or agency-recognized emergencies or disasters;

(6) Incidental benefits derived from ordinary governmental operations; and

(7) Other transactions where the application of these regulations would be prohibited by law.

§ 29.205 Ineligible persons.
Persons who are ineligible, as defined in § 29.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 29.210 Voluntary exclusion.
Persons who accept voluntary exclusions under § 29.315 are excluded in accordance with the terms of their settlements. Persons shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 29.215 Exception provision.
(a) The President's stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with § 29.503(a).

(b) A debarring or suspending official may grant exceptions and make written determinations under this section.

§ 29.220 Continuation of covered transactions.
(a) Notwithstanding the debarment, suspension, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, ineligible, or voluntarily excluded, except as provided in § 29.215.

§ 29.225 Failure to adhere to restrictions.
Except as permitted under § 29.215 or § 29.220 of these regulations, a participant shall not knowingly do business under a covered transaction with a person who is debarred or suspended, or with a person who is ineligible for or voluntarily excluded from that covered transaction. Violation of this restriction may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies, as appropriate. A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction (see Appendix B), unless it knows that the certification is erroneous. An agency has the burden of proof that such participant did knowingly do business with such a person.

Subpart C—Debarment
§ 29.300 General.
The debarring official may debar a person for any of the causes in § 29.305, using procedures established in §§ 29.310 through 29.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person's acts or omissions and any mitigating factors shall be considered in making any debarment decision.
Debarment may be imposed in accordance with the provisions of §§ 29.301 through 29.314 for:

(1) Conviction of or civil judgment for: Commission of fraud or a criminal act in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions;

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of any Federal agency taken before October 1, 1988, the effective date of any Federal agency, shall be considered.

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in § 29.215 or § 29.225.

(3) Failure to pay a single substantial debt or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor's legal and administrative remedies have been exhausted; or

(4) Violation of a material provision of a voluntary exclusion agreement entered into under § 29.315 or of any settlement of a debarment or suspension.

Any other cause of so serious a nature that it affects the present responsibility of a person.

Debarment may be imposed in accordance with the provisions of §§ 29.300 through 29.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal act in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State programs, such as:

(a) Conviction of or civil judgment for:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions;

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(4) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(5) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions;

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(4) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(5) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions;

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(4) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(5) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.
(b) An operating administration may settle a debarment or suspension action under this section.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see Subpart E).

§ 32.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). Generally, a debarment should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed. If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§ 32.311 through 32.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

1. Newly discovered material evidence;
2. Reversal of the conviction or civil judgment upon which the debarment was based;
3. Bona fide change in ownership or management;
4. Elimination of other causes for which the debarment was imposed; or
5. Other reasons the debarring official deems appropriate.

§ 32.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§ 32.311 through 32.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual's performance of duties for or on behalf of the participant, or with the participant's knowledge, approval, or acquiescence. The participant's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant's conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement or with the knowledge, approval, or acquiescence of these participants. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

Subpart D—Suspension

§ 32.400 General.

(a) The suspending official may suspend a person for any of the causes in § 32.405 using procedures established in §§ 32.410 through 32.413.

(b) Suspension is a serious action to be imposed only when:

1. There is adequate evidence of one or more of the causes set out in § 32.405, and
2. Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 32.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§ 32.400 through 32.413 upon adequate evidence:

1. To suspend the commission of an offense listed in § 32.305(a); or
2. That a cause for debarment under § 32.305 may exist.

(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 32.410 Procedures.

(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.

(b) Decision making process. The suspending official shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in § 32.411 through § 32.413.

§ 32.411 Notice of suspension.

When a respondent is suspended, notice shall immediately be given:

(a) That suspension has been imposed;
(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;
(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government's evidence;
(d) Of the cause(s) relied upon under § 32.405 for imposing suspension;
(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;
(f) Of the provisions of §§ 32.411 through § 32.413 and any other procedures, if applicable, governing suspension decisionmaking; and
(g) Of the effect of the suspension.
§ 21.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit a written statement to the suspending official, including any information and argument in opposition to the suspension.

(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent's submission in opposition raises a genuine dispute over facts material to the suspension, the respondent shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or

(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 21.413 Suspending official's decision.

The suspending official may modify or terminate the suspension (for example, see § 21.320(c) for reasons for reducing the period of suspension) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions based on an indictment, conviction, or civil judgment, in which there is no genuine dispute over material facts, or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(3) Notice of suspending official's decision. Prompt written notice of the suspending official's decision shall be sent to the respondent.

§ 21.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (c) of this section. (b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of suspension, at least 30 days before the 12-month period expires, to give the Department an opportunity to request an extension.

§ 21.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see § 21.325), except that the procedures of §§ 21.410 through 21.413 shall be used in imposing a suspension.

Subpart E—Responsibilities of GSA, Agency and Participants

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action:

(2) The type of action:

(3) The cause for the action:

(5) Any termination date for each listing, and

(6) The agency and name and telephone number of the agency point of contact for the action.

§ 21.505 Agency responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of ineligibility, and voluntary exclusions it has taken. Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which exceptions under § 21.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) Agency officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #)

(e) Agency officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

(f) In addition, each participant may, but is not required to, check the Nonprocurement List for its
erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of these regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (Tel. #).

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

principals (Tel. #). Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. (1) Each participant shall require participants in lower tier covered transactions to include the certification in Appendix B to this Part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.

(i) However, an operating administration may require that a person who enters into a primary covered transaction require the next lower tier participant to include, with conforming modifications, the certification in Appendix A.

(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, seek the Nonprocurement List for its principals and for participants (Tel. #).

c) Changed circumstances regarding certification. A participant shall provide immediate written notice to [Agency] if at any time the participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. Participants in lower tier covered transactions shall provide the same updated notice to the participant to which it submitted its proposals.

BILLING CODE 8712-01-M

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

49 CFR Part 23

[Docket No. 647]

Participation by Minority Business Enterprise in Department of Transportation Programs

AGENCY: Office of the Secretary, DOT.

ACTION: Final rule.

SUMMARY: Congress recently enacted section 105(f) of the Airport and Airway Safety and Capacity Expansion Act of 1987. This section requires the application to the Federal Aviation Administration's airport financial assistance program of the provisions of the Department's disadvantaged business enterprise (DBE) rule previously applicable only to the Federal Highway Administration's and Urban Mass Transportation Administration's programs. This rule makes this change.

DATES: This rule is effective on May 23, 1988.

FURTHER INFORMATION CONTACT: Robert C. Asbury, Deputy Assistant General Counsel for Regulation and Enforcement, Department of Transportation, 400 7th Street SW., Washington, DC 20590, (202) 366-9365.

SUPPLEMENTARY INFORMATION: Congress recently passed, and the President signed, section 105(f) of the Airport and Airway Safety and Capacity Expansion Act of 1987. This provision establishes a statutory disadvantaged business enterprise (DBE) program in Federal Aviation Administration (FAA) financial assistance programs for airports. The content of the provision is taken virtually verbatim from section 106(c) of the Surface Transportation and Uniform Relocation Assistance Act of 1987.

Because the Department had already made changes to its DBE program regulation in response to section 106(c) (52 FR 39225; October 21, 1987), it is not necessary to make further substantive changes in the regulations as a result of the new FAA statutory provision. However, it is necessary to make technical and conforming amendments to the regulation in order to specify that Subpart D of the rule (which previously has applied only to the Department's highway and mass transit financial assistance programs) now applies to FAA recipients as well as to UMFA and FHWA recipients. This final rule makes those needed amendments.

The October 21 amendments to Part 23 have not yet appeared in the printed volumes of the Code of Federal Regulations, and many persons interested in the airport program probably were not aware of Part 23 amendments many of which, when made, pertained only to highways and mass transit. Therefore, we are providing the following summary of the October 21 amendments, which now will apply to the airport program as well:

Section 23.45(e) and (f) were amended to require that addresses of DBE firms be listed in recipients' directories and that recipients take a number of procedural steps when certifying DBEs (on-site visits, obtaining work histories of the firm and its principals owners, interviewing the principal owners, analysis of stock ownership, analysis of bonding and financial capacity of the firm, list of equipment and licenses held by the firm and its key personnel, and a statement of the type of work the firm prefers to do).

Section 23.45(g) was amended to require a single overall and a single contract goal for DBEs (as opposed to separate goals for WBEs and DBEs).

Section 23.47(e) was amended to provide that 60 percent of the value of supplies

47 CFR Part 73

[MM Docket No. 87-393; RM-5566; RM-8720d]
purchased from a DBE "regular dealer" could be counted toward DBE goals (formerly, only 20 percent could be counted). The amendment also included a definition of "regular dealer" and clarification of the "commercially useful function" concept.

Section 23.62 was amended to exclude from the definition of "small business concern" firms whose average gross annual receipts over three years exceed $14 million and to include women in the definition of "socially and economically disadvantaged individuals".

Technical amendments and conforming changes to the explanatory material in Appendix A to Subpart D of the regulation were also made.

The Department's action is required by statute. Since the Department has no discretion in the matter, and because it is important to conform to a Congressional enactment as soon as possible, the Department is issuing this rule as a final rule, effective upon publication.

While the rule will cause recipients to make certain administrative changes in their programs (e.g., have a single DBE goal instead of separate minority and women's business enterprise goals, as in the past, and establishing a third-party challenge procedure), we do not believe that these administrative changes are likely to be unduly disruptive. For example, the same recipients who have had DBE programs will now have DBE programs. The FAA will shortly issue guidance to its grantees concerning the transition to administering their programs under Subpart D.

Another provision of the Airport and Airway Safety and Capacity Expansion Act concerns participation by DBE firms in the airport concessions business. This rule does not attempt to implement this statutory provision, which will require the development of new substantive regulations. The Department hopes to propose these new regulations for public comment along with other revisions to Part 23 which are now being reviewed within the Department.

Regulatory Process Matters

The Department has determined that this rule does not constitute a major rule under the criteria of Executive Order 12291. It is a nonsignificant rule under the Department's Regulatory Policies and Procedures. Since the regulation simply makes administrative adjustments to an existing program expressly required by statute, its economic impacts are expected to be small, and the Department has consequently not prepared a regulatory evaluation. For this reason, the Department certifies that the rule does not have a significant economic impact on a significant number of small entities.

Also, the Department certifies, in accordance with Executive Order 12612, that the rule does not have significant Federalism implications to warrant the preparation of a Federalism assessment.

The rule concerns matters under Federal grants, and hence is exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(a)(2)). In addition, the rule must be implemented rapidly, in order to ensure that the provisions apply to funds authorized by the Act, as Congress intended. For these reasons, the Department has determined that there is good cause to promulgate these portions of the rule without prior notice and comment (see 5 U.S.C. 553(b)(B)); and to make the rule effective immediately, rather than after a 30-day period (see U.S.C. 553(c)(3)).

Subject: ACTION: Implementation of DBE Provisions  Date: JUN 15 1988

From: Assistant Administrator for Civil Rights, ACR-1

To: Regional Directors
ATTN: Civil Rights Officers

The General Counsel's Office has requested that we begin implementation of certain of the disadvantaged business (DBE) provisions in Subpart D of 49 CFR Part 23. In particular, it is concerned that DBE goals be incorporated into bid solicitations as soon as possible.

Therefore, we ask that you notify sponsors in your region. We have attached a letter outlining the steps that should be taken at this time. It is important to forward the information quickly so that sponsors will be able to act at once. We recommend that you xerox and send the attached letter without including the inside address in order to save time.

We have coordinated this action with the Offices of Chief Counsel and Airport Planning and Programming. Their regional personnel will be receiving copies of this correspondence.

We will be providing additional guidance in the near future. If airport sponsors contact you regarding a third-party complaint or a claim of social and economic disadvantage, you should call Dave Nicklin on 267-3270 for discussion.

Dear Airport Sponsor:

An amendment to Department of Transportation Regulation 49 CFR Part 23 was published in the Federal Register on May 23, 1988, (53 Fed. Reg. 18285). The amendment, which became effective upon publication, requires certain sponsors to comply with the disadvantaged business (DBE) provisions of Subpart D of the regulations.

This letter provides guidance on immediate changes you should make in order to comply with the amendment. These changes affect only those sponsors subject to Subpart D, that is, sponsors who receive an Airport Improvement Program (AIP) grant after January 1988, and who are one of the following:

1. A recipient of planning funds in excess of $75,000.
2. A sponsor of a general aviation airport receiving funds in excess of $250,000.
3. A sponsor of a non-hub airport receiving funds in excess of $400,000.
4. A sponsor of a hub airport receiving funds in excess of $500,000.

We request that you include the single DBE goal, rather than separate goals for minority- and women-owned firms (MBE/WBE), in bid solicitations subject to Subpart D. This change should be made as soon as possible, but is mandatory for any bid issued after July 15, 1988. Bids that have already been solicited do not need to be amended.

The DBE goal should be the sum of the MBE and WBE percentage goals. We encourage you to establish your DBE contract goals at a minimum of 10 percent overall if you currently have approved goals which total less than 10 percent.

We have enclosed a sample bid specification which you may use. This or similar language is required when the contract will have subcontracting possibilities.

If annual approval of your overall goal has expired or will expire prior to October 1, 1988, you may continue to base your DBE goal on the figures (combined MBE/WBE) that were most recently approved by the FAA.

Please note that women, like Black Americans, Hispanic Americans, and the other groups identified in the bid specification, are rebuttably presumed to be socially and economically disadvantaged. Thus, a bidder may meet the DBE goal by using any combination of disadvantaged businesses.
SAMPLE LANGUAGE FOR BID SOLICITATIONS
(49 CFR 23.45(h))

The bidder shall make good faith efforts, as defined in Appendix A of 49 CFR Part 23, Regulations of the Office of the Secretary of Transportation, to subcontract ______ percent of the dollar value of the prime contract to small business concerns owned and controlled by socially and economically disadvantaged individuals (DBE). In the event that the bidder for this solicitation qualifies as a DBE, the contract goal shall be deemed to have been met. Individuals who are rebuttably presumed to be socially and economically disadvantaged include women, Blacks, Hispanics, Native Americans, Asian-Pacific Americans, and Asian-Indian Americans. The apparent successful competitor will be required to submit information concerning the DBE's that will participate in this contract. The information will include the name and address of each DBE, a description of the work to be performed by each named firm, and the dollar value of the contract. If the bidder fails to achieve the contract goal stated herein, it will be required to provide documentation demonstrating that it made good faith efforts in attempting to do so. A bid that fails to meet these requirements will be considered nonresponsive.
