The Honorable Mike Quigley
Member, United States House
of Representatives
3742 West Irving Park Road
Chicago, IL 60618

Dear Congressman Quigley:

Thank you for your letter dated January 28, 2013, regarding the concerns of the Sauganash Community Association and your constituent, [redacted]. These concerns center on airfield changes taking place at O'Hare International Airport under the City of Chicago's O'Hare Modernization Program.

My office recently received similar correspondence directly from the Sauganash Community Association, plus three additional letters (also similar) from other community organizations located in northwest Chicago. The Federal Aviation Administration intends to provide a comprehensive response to these letters, and we will endeavor to address the primary questions and concerns raised in the letters. Our technical staff is currently reviewing the letters in order to develop that comprehensive response. We will provide your office a copy of our Agency's response when it is sent to the Sauganash Community Association.

Please feel free to contact me at 847-294-7295 if you or a member of your staff would like to discuss this matter with me personally.

Sincerely,

Barry D. Cooper
Regional Administrator
