MAR 17 2011

Mayor Arlene Mulder
Village Hall of Arlington Heights
33 South Arlington Heights Road
Arlington Heights, IL 60005

Dear Mayor Mulder,

In our letter to you dated February 26, 2009, we made a commitment to provide you with data concerning night time operations on O'Hare Runway 9L/27R on a monthly basis.

I'm sorry for the delay in getting information to you. As per a message my staff left with your office on March 11, we experienced a problem with our data collection during February. The problem has been resolved, and you can expect future reports by the tenth of each month.

For the month of February 2011, one arrival and one departure occurred February 14 on Runway 9L between the hours of 10:10 p.m. and 10:19 p.m. Those operations were performed by a Federal Aviation Administration Flight Inspection (general aviation) aircraft inspecting electronic instrumentation on the runway. These occasional inspections are performed at these times to minimize impacts to airport operations.

If you have any further questions, please feel free to contact me.

Sincerely,

Barry D. Cooper
Regional Administrator
Great Lakes Region
