SEP 13 2016

Mayor Arlene A. Juracek
O'Hare Noise Compatibility Commission
P.O. Box 1126
Des Plaines, IL 60017-1126

Dear Mayor Juracek,

In our letter to you dated November 25, 2015, we made a commitment to provide you with data concerning nighttime operations on O'Hare Runway 10R/28L on a monthly basis.

During the month of August 2016, between the hours of 10:00 p.m. and 6:00 a.m., there were seven operations occurring on this runway.

Runway 10R/28L was used on August 30th for three arrivals and two departures between 10:31 p.m. and 10:53p.m. and August 31st for one arrival and one departure between 12:01 a.m. and 12:02 a.m. These operations were conducted by a Federal Aviation Administration Flight Inspection (general aviation) aircraft. The aircraft was inspecting the electronic instrumentation of a runway at O'Hare. These inspections are required on a periodic basis and are performed overnight to minimize impacts to airport operations.

If you have any further questions, please feel free to contact me.

Sincerely,

Barry D. Cooper
Regional Administrator
Great Lakes Region

cc: Paul Litke, Manager, Lake Effect District
Virginia Smith, Deputy Director System Operations, Central North
Ginger Evans, City of Chicago, Commissioner of Aviation
