Ms. Amy Hanson  
Federal Aviation Administration (FAA)  
2300 East Devon Avenue  
Des Plaines, IL 60018

Dear Ms. Hanson:

Pursuant to Federal Aviation Regulation (FAR) Part 158, following herewith please find these items regarding the Passenger Facility Charge (PFC) program at Chicago O'Hare International Airport (O'Hare) as administered by the City of Chicago (the City):

One (1) application form pertaining to the City's intent to impose a PFC and use PFC revenue for airfield design and western terminal area planning;

all necessary attachments relating to the PFC authority being sought by the City.

A notification letter detailing this proposed PFC action was sent on March 31, 2008 to all air carriers and foreign air carriers operating at O'Hare. A consultation meeting took place on May 8, 2008. Public consultation, pursuant to FAR Part 158, occurred as detailed in Attachment C.

**Authority to impose a PFC and use PFC revenue for reimbursement of Land Acquisition costs at O'Hare**

In the enclosed application, the City seeks authority to impose a PFC and use PFC revenue for the following projects at O'Hare:

**Airfield Design and Western Terminal Area Planning**

Descriptions of these projects, which are components of the O'Hare Modernization Program (OMP) and related enabling projects, and other required information is included in Attachment B. The net effect of this proposed application to impose a PFC and use PFC revenue is an increase in the total estimated net PFC revenue of \$182,278,173.

The City estimates the current approved total PFC revenue to be \$4,472,358,266. The total effect of this proposed impose and use application is as follows:

Estimated Charge Expiration Date: February 1, 2026

Estimated Total PFC Revenue: \$4,654,636,439  
(cumulative to date)

The City appreciates the opportunity to submit this application with regards to the PFC program at O'Hare. We continue to be available if you require additional information during your review.

Respectfully submitted,

Richard L. Rodriguez  
Commissioner  
Department of Aviation

Rosemarie S. Andolino  
Executive Director  
O'Hare Modernization Program
