Dear Ms. Hassert:

I am writing to express my opposition to the Federal Aviation Administration's (FAA) proposed modification to the McCarran International Airport Four Corner-Post Plan. I do not believe that the small increase in the capacity of McCarran that this proposal will bring justifies the change.

**B2-1**

The safety issues of flying over one of the most densely populated parts of the valley are well stated by the City of Las Vegas. I add my voice to theirs and to my many constituents who have expressed opposition to this proposal. I urge you to reconsider.

**B2-2**

Sincerely,  
Assemblywoman Peggy Pierce  
Nevada District 3
