Subject: STOP the RIGHT turn - from Claude Lemay Mego Productions
Sent: Tue 2/21/2006 9:56 AM

To whom it may concern.

My name is Claude Lemay and I am president of a company I founded last year (Mego Productions). I am also artist singer Celine Dion's musical director. I built a professional recording studio in Desert shores, and for this reason I strongly oppose your project of the right turn. A recording studio is a very big investment, and as you probably know, it needs to sit in a very quiet environment. After one year of hard work, building and fine tuning this studio, after all the investment made in this studio, your project would kill a new born business in Las Vegas. The noise produced by jet airplanes over a recording studio would close this business.

S7-1

Please be aware that thousands of people have chosen to move in Northwest Las Vegas in the last few years. All these people have invested in houses for their own or for their business. You CANNOT bring the value of these investments down, or even close business like mine, just by making this right turn project. It's bad for the economy of Las Vegas and very bad for those people who were not aware of your project.

S7-2

Thank you,
Claude Lemay for Mego Productions.
