Re: Proposed FAA Over Flights Impacting Siena Community Association

Dear Ms Hassert,

Siena Community Association is a community of 2001 homes located in the west side of Las Vegas with over 4,000 residents. Siena Community Association has a five member board that provides governance for the community, and in their representative capacity, the Board is concerned about the proposed FAA changes to the over flights of aircraft originating from McCarran Airport. The attached resolution expresses the concerns of the Board of Directors for the community and solicits your continued support to stop the FAA from proceeding with plans to make changes to flight paths that negatively impact Siena residents.

Your support is greatly appreciated.

Sincerely,

Charles F. O'Donnell III
President

**SIENA COMMUNITY ASSOCIATION
RESOLUTION REGARDING PROPOSED FLIGHTS OVER THE SUMMERLIN AREA**

WHEREAS, the Board of Directors of the Siena Community Association, is empowered to govern the affairs of the Association, including expressing concerns over issues that directly affect the Association; and

WHEREAS, the Association is composed of 2001 homes and over 4,000 mostly retired residents; and

WHEREAS, it has been proposed by the FAA to allow flights over homes that lie within the boundaries of Siena Community Association and that noise from these flights can negatively impact the quality of life of these residents; and

WHEREAS, these proposed flights can also be a safety issue that could kill hundreds of residents from a plane crash within the Association; and

WHEREAS, by a unanimous vote, the Board of Directors for the Siena Community Association wishes to preserve the quality of life and safety of its residents;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors petitions the appropriate representative bodies to oppose any change in existing FAA flight paths that will negatively impact the residents of Siena.
