

AIRPORT CERTIFICATION INFORMATION BULLETIN

DATE: 03/17/08 NUMBER: 08-06
Update Your E-Mail and Emergency Contacts

In an effort to provide more rapid information to our airports, we will soon begin disseminating Airport Certification Information Bulletins and other outreach initiatives electronically (via e-mail). Please provide us a list of individuals within your organization that should be included on this e-mail list. In order for us to keep our mailing list manageable, we respectfully ask that you limit your submission to several personnel. If at any time you have revisions (addition/removal of individuals or change of e-mail address) to your mailing list, please notify your Airport Certification Safety Inspector.

Additionally, we are requesting that your airport provide us with one emergency contact that can be reached after normal business hours. If this number is not an individual, please indicate where the call is being directed (i.e Airfield Operations Office/ ARFF Station, etc.).

Please fax this information bulletin back to our office as soon as possible:

Airport _____

Name _____ Email Address _____

Name _____ Email Address _____

Name _____ Email Address _____

AFTER HOURS EMERGENCY CONTACT

NAME _____ **JOB TITLE** _____
