

## CACI – Renal Cancer Worksheet

(Updated 04/13/2022)

To determine the applicant's eligibility for certification, the AME must review a [current, detailed Clinical Progress Note](#) generated from a clinic visit with the treating physician or specialist **no more than 90 days prior** to the AME exam. If the applicant **meets ALL the acceptable certification criteria** listed below, the AME can issue. Applicants for first- or second-class must provide this information annually; applicants for third-class must provide the information with each required exam.

AME MUST REVIEW	ACCEPTABLE CERTIFICATION CRITERIA
Treating physician finds the condition stable on current regimen and no changes recommended.	<input type="checkbox"/> Yes
Any current or historic evidence of: <ul style="list-style-type: none"> <li>• Chemotherapy</li> <li>• Disease recurrence;</li> <li>• Extra capsular extension;</li> <li>• Metastatic disease;</li> <li>• Stage 4 disease; or</li> <li>• Paraneoplastic syndrome</li> </ul>	<input type="checkbox"/> No
If surgery was performed - the airman is off pain medication(s), has made a full recovery, and has been released by the surgeon.	<input type="checkbox"/> Yes
Symptoms	<input type="checkbox"/> No
Treatment completed and back to full, unrestricted activities ( <a href="#">ECOG performance status</a> or equivalent is 0).	<input type="checkbox"/> Yes
Current treatment:  Notes: If it has been 5 or more years since the airman has had any treatment for this condition, with no history of metastatic disease and no reoccurrence, CACI is not required. Note this in Block 60. ( <a href="#">See disposition table.</a> )	<input type="checkbox"/> None

**AME MUST NOTE in Block 60 one of the following:**

- CACI qualified renal cancer. (Documents do not need to be submitted to the FAA.)
- Has current OR previous SI/AASI but now CACI qualified renal cancer.
- NOT CACI qualified renal cancer. I have deferred. (Submit supporting documents.)
