ATTESTATION

I attest to the following:

- I hold a license in good standing, with no pending actions, in each state in which I plan to provide evaluations (and PSYPACT credentialing if applicable).
- I hold Neuropsychology Board Certification (from the American Board of Clinical Neuropsychology or the American Board of Neuropsychology).
- I will conduct FAA evaluations **in person** and in a physical office, consistent with FAA policy. Failure to do so may result in the evaluee being returned for re-evaluation or referred to another evaluator. Virtual evaluations are not accepted.
- I will maintain a practice address, phone number, and email address, and I understand and agree that this information may be publicly listed by the FAA.
- I have competence in diagnosing substance misuse.
- I have competence in conducting independent neuropsychological and psychological evaluations.
- I understand and agree that while my client may be the individual being evaluated or a third party (e.g., an attorney or employer), the FAA reviews my evaluation for its objectivity and independence. As such, the FAA reserves the right to return the evaluee for re-evaluation or refer them to another evaluator if bias is unduly present or if critical items are missing or do not meet the minimum standards established by the FAA.
- I understand that the FAA must review and approve my documents before I can register for the Aerospace Behavioral Health Seminar (ABHS) or HIMS Basic Education Seminar as a new provider.
- I understand that to get on the FAAR Neuropsychologists list, I must attend all days of both the ABHS and the HIMS Basic Education Seminar and complete post-session tests. Partial attendance does not fulfill the eligibility requirement.
- I understand I must provide documentation of training with FAA-approved cognitive screening tests.
- I understand that to stay on the FAAR Neuropsychologists list, I must keep my licensure in good standing, attend the ABHS every three (3) years (counted from the last training I attended; HIMS Basic or HIMS Advanced Topics may substitute for ABHS), and have no unresolved Quality Assurance (QA) issues.
- I understand that my listing as a FAAR Neuropsychologist is at the discretion of the FAA and may be revoked at any time without cause and at the sole discretion of the FAA. I may also be removed from the list if any eligibility criteria are not met or following written QA notification regarding deficiencies.
- I will submit all required documentation, as specified in the FAAR Neuropsychologist eligibility criteria.
- I understand I am not an employee, designee, consultant, or agent of the FAA and will not represent myself as such.
- I understand I am not being provided with any certification and will not hold myself out as FAA certified.
- I understand that this attestation must be renewed upon any change in my qualifications or licensure.

SIGNATURE

By signing and dating this attestation (electronically or in writing), I acknowledge that I have read, understand, and attest to the items outlined above.
