

Attention-Deficit/Hyperactivity Disorder (ADHD)
REFERENCE INFORMATION FOR THE PSYCHOLOGIST OR NEUROPSYCHOLOGIST
(Updated 08/30/2023)

The responsibility of the psychologist or neuropsychologist is to identify any neurocognitive deficit/impairment that has aeromedical significance. Attention-Deficit/Hyperactivity Disorder (ADHD), formerly called Attention Deficit Disorder (ADD), is a condition that may be aeromedically disqualifying. For reference information and comments on specific tests, authorized professionals should use the portal at [FAA Neuropsychology Testing Specifications](#). For access to the portal, psychologists and neuropsychologists should email a request to 9-amc-aam-NPTesting@faa.gov.
