Report Numbers

The first numbers (13-8) refer to the year and chronological number of the report. This is an abbreviated portion of the official number given each report and is found in the upper left of the report’s cover page. The full report number of “13-8” is DOT/FAA/AM-13/8. The “ADA577678” was appended to the report by the Defense Technical Information Center (DTIC). Keep the number system in mind when ordering from DTIC.
