**Subject: ADVISORY CIRCULAR CHECKLIST
and Status of Other FAA Publications**

**Date: 6/15/00
Initiated By: APF-100**

AC No: 00-2.13

1. Purpose. This circular transmits the revised checklist of the Federal Aviation Administration's (FAA) Advisory Circulars (AC's). It also lists certain other FAA publications sold by the Superintendent of Documents, U.S. Government Printing Office (GPO). This checklist is available via the Internet from the FAA home page. See Appendix 5 for access information.

2. Cancellation. AC 00-2.12 dated August 15, 1998, is canceled.

3. Explanation of AC system. The FAA issues advisory circulars to inform the aviation public in a systematic way of nonregulatory material. Unless incorporated into a regulation by reference, the contents of an advisory circular are not binding on the public. Advisory circulars are issued in a numbered-subject system corresponding to the subject areas of the Federal Aviation Regulations (FAR) (Title 14, Code of Federal Regulations, Chapter I, Federal Aviation Administration). An AC is issued to provide guidance and information in a designated subject area or to show a method acceptable to the Administrator for complying with a related Federal Aviation Regulation.

4. The Advisory Circular Checklist.

a. General. The checklist is divided into five appendices. Appendix 1 explains the numbering system. Appendix 2 lists cancellations that have occurred since the previous issuance. Appendix 3 gives in numeric sequence the title and issuance date for each circular listed. A brief explanation of the contents is given for each entry. The airplane symbol preceding an AC number indicates that the AC is new or updated since the previous edition. Appendix 4 lists FAA publications sold by GPO. is provided in Appendix 5. You may order the desired publications by using the forms/blanks located in Appendix 5. An alphabetical section, which has appeared in previous editions, is not included in this edition for reasons of economy and expediency.

b. Omitted numbers. In some series, consecutive numbers may be missing. These numbers were assigned to advisory circulars still in preparation which will be issued at a later date or were assigned to advisory circulars that have been canceled.

5. How to order:
