

Date

APR 25 2014

Dear Industry Representative:

The Federal Aviation Administration (FAA) posted on their web site the Draft Advisory Circular (AC) 150/5220-20A, Airport Snow and Ice Control Equipment, to interested industry associations to obtain comments and recommendations of actions to be taken.

Please review this draft and submit comments as appropriate with justification for all comments about issues you may have with these identified items. We may revise the final document as a result of comments received and further review by the Office of Airport Safety and Standards.

This AC provides guidance to assist airport operators in the procurement of snow and ice control equipment for airport use.

We request concurrence with the enclosure. We will consider comments received by July 1, 2014 for inclusion in the final advisory circular.

Submit comments on the provided INDUSTRY REVIEW COMMENTS MATRIX which references the paragraph in question with your recommended change. Please email the completed MATRIX to George Legarreta at george.legarreta@faa.gov.

You will find a PDF version of the draft advisory circular and a WORD version of the MATRIX on the FAA website at: http://www.faa.gov/airports/resources/draft_advisory_circulars/.

Please email the completed MATRIX to George Legarreta at george.legarreta@faa.gov.

Sincerely,

John R. Dermody
