May 2, 2016

Dear Industry Representative:

We are requesting your review of the Draft Advisory Circular 150/5320-12D, Measurement and Maintenance of Skid-Resistant Airport Pavement Surfaces. This Advisory Circular provides guidance and technical information about the use and requirements of Continuous Friction Measuring Equipment (CFME) as well as the required frictional characteristics of airport pavement surfaces.

We request concurrence with the enclosure. We will consider comments received by Friday, June 3, 2016, for inclusion in the final version of this advisory circular.

Submit comments on the provided COMMENTS MATRIX, which references the paragraph and line number in question with your recommended change. Please E-MAIL (Do not mail) the completed MATRIX to Raymond Zee at Raymond.Zee@faa.gov.

This Draft Advisory Circular is available and can be viewed at the FAA Airports website: http://www.faa.gov/airports/resources/draft_advisory_circulars/

Sincerely,

A handwritten signature in black ink, appearing to read "Michael A. Meyers".

Michael A. Meyers, P.E.
Deputy Manager
Airport Engineering Division
