Standards

800 Independence Avenue, SW
Washington, DC 20591

August 19, 2022

Dear Industry Representative:

The Federal Aviation Administration (FAA) requests your review of the Draft Advisory Circular (AC) 150/5345-44L, *Specification for Runway and Taxiway Signs*, available at: http://www.faa.gov/airports/resources/draft_advisory_circulars/.

Paragraph 6 of the cover page lists the principal changes, with a brief explanation for each change. The FAA will consider comments received by **September 19, 2022**, for inclusion in the final version of this AC.

Please submit all comments electronically (do not mail) using the provided COMMENT MATRIX to Marvin Woods at marvin.woods@faa.gov. Accompany all comments with a justification for your recommended modification.

The final document may be revised as a result of received comments after further review by the FAA.

Thank you for your review. We appreciate your feedback.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Meyers', written over a horizontal line.

Michael A.P. Meyers, P.E.
Manager, Airport Engineering
