**Federal Aviation  
Administration**

Office of Airport Safety and Standards  
Airport Engineering Division

800 Independence Ave., SW  
Washington, DC 20591

Dear Airfield Lighting Stakeholders:

Federal Aviation Administration (FAA) Draft Advisory Circular (AC) 150/5345-10G, *"Specification for Constant Current Regulators and Regulator Monitors"*, is being circulated to interested parties to obtain comments and recommendations of actions to be taken. Please review this draft and submit comments as appropriate. Additionally, please provide justification for all comments regarding oppositions and recommended modifications. The final document may be revised as a result of comments received and further reviewed by the Office of Airport Safety and Standards.

This specification details the requirements for equipment to be used in a constant current system for use with airport series lighting circuits.

Comments received prior to June 11, 2010, will be considered for inclusion in the advisory circular.

Changes to this document are color-coded for your convenience.

The AC can be found on the Airports website at:

[http://www.faa.gov/airports/resources/draft\\_advisory\\_circulars/](http://www.faa.gov/airports/resources/draft_advisory_circulars/)

Sincerely,

Rick Marinelli  
Manager, Airport Engineering Division
