Washington, DC 20591

04/05/2011

Dear Airfield Lighting Stakeholders:

Federal Aviation Administration (FAA) Draft Advisory Circular (AC) 150/5345-47C, Specification for Series to Series Isolation Transformers for Airport Lighting Systems, is being circulated to interested parties to obtain comments and recommendations.

Please review this draft and submit comments as appropriate. Comments should be submitted on a separate document, and not embedded in the draft AC. Additionally, please provide justification for all comments regarding oppositions with recommended modifications.

Comments received prior to May 20, 2011 will be considered for inclusion in the advisory circular.

This AC covers the requirements for series to series isolation transformer for airport lighting systems.

Changes to this document are color coded for your convenience. The AC can be found on the FAA website at [http://www.faa.gov/airports/resources/draft\\_advisory\\_circulars/](http://www.faa.gov/airports/resources/draft_advisory_circulars/)

Sincerely,

A handwritten signature in cursive script that reads "Paul L. Friedman".

Paul Friedman  
Acting Manager, Airport Engineering Division
