FAA Form 5100-142, Sponsor Request for FAA Acknowledgment for Cold Weather Early Start

Paperwork Reduction Act Burden Statement

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Number for this information collection is 2120-0569. Public reporting for this collection of information is estimated to be approximately 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing and reviewing the collection of information. All responses to this collection of information are required under 49 U.S.C. Section 47105 to retain a benefit and to meet the reporting requirements of 2 CFR 200. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX 76177-1524.

Instructions for Form 5100-142, Sponsor Request for FAA Acknowledgment for Cold Weather Early Start

General

49 USC §47110(b)(2)(D) provides for limited circumstances that allows the Federal Aviation Administration (FAA) to participate in construction costs that a Sponsor incurs prior to grant execution. The information in this form is necessary for FAA consideration of a sponsor's request for early project start due to shortened construction season availability resulting from regional cold weather climate (FAA Order 5100.38D, Table 3-60). A sponsor may use a consultant or other representative to prepare this form. However, this form may only be signed by a duly authorized official of the airport sponsor. The Sponsor may not delegate either the signature acceptance or the certification acceptance to a consultant or contractor.

Form items

The numbered instructions below pertain to the numbered items in the form.

Project Information

- 1. Project Description.** Provide clear and concise description of project. *(For example: Mill and overlay 66,000 square yards of asphalt runway surface, including the intersection with Runway 9/27 and three adjoining taxiways (Alpha, Kilo and Sierra)).*
- 2. Total Project Cost.** Provide the total amount, including all funding sources.

3. **Proposed Funding Plan.** Identify all amounts including all categories of Airport Improvement Program (AIP) funding requested as well as Passenger Facility Charges (PFCs), state funding, local funds, etc.

4. **Alternative Funding Plan.** Provide the alternative funding source if AIP discretionary funds are not awarded. If future year AIP funding is the source of alternative funding, provide what the source of interim funding is until entitlement funds are available. Only future year passenger, cargo, or non-primary entitlements are allowable sources of AIP funding.

5. **Date of Original AIP Funding Request.** Provide the date of sponsor's capital improvement plan, or other document, containing the sponsor's original discretionary request to the FAA for this project. Enter the date as Month/Day/Year, for example 10/22/2017.

6. **Date Bids Were (or will be) Received.** Bid Tabulation and Recommendation to Award must be attached if the project has been bid. If the project will be bid after this request for FAA Acknowledgement is being submitted, the bid tabulations and the recommendation for award must be submitted to the FAA prior to Notice to Proceed is issued. Enter the date as Month/Day/Year, for example 10/22/2017.

Construction Information

For phased projects, provide information for only the current phase being requested.

1. **Estimated Notice to Proceed (NTP) Date.** Enter the date as Month/Day/Year, for example 10/22/2017.

2. **Latest NTP Date.** Provide the latest date construction can begin to avoid climatic conditions impact to construction schedule. Enter the date as Month/Day/Year, for example 10/22/2017.

3. **Estimated Completion Date.** Enter the date as Month/Day/Year, for example 10/22/2017.

4. **Impacted Construction Activities.** Describe specific construction activities that would be impacted or interrupted by cold-weather construction, including the nature of the impacts. Include a clear comparison of the proposed construction with and without early start, and a month-by-month summary of project impacts.

5. **Estimated Cost Impacts.** Describe specific construction cost impacts if project is not started or completed according to the desired schedule. Include only physical construction cost impacts, excluding impacts related to construction administration.

6. **Other Impacts.** Describe any other impacts that may result from schedule delays due to cold-weather climatic conditions.

7. **Cold Weather Calculations.** For each month of the calendar year, provide the average high and low air temperature at the airport (in degrees Fahrenheit) in the table provided.

8. **Public Data Source.** Identify the publicly published source for the above weather data, including a URL for online resources.
