

# NOTICE

U.S. DEPARTMENT OF TRANSPORTATION  
FEDERAL AVIATION ADMINISTRATION  
Air Traffic Organization Policy

N JO 7110.537

Effective Date:  
September 13, 2010

Cancellation Date:  
March 10, 2011

**SUBJ:** Conduct of Abbreviated Briefing

---

1. **Purpose of This Notice.** This notice amends Federal Aviation Administration (FAA) Order JO 7110.10, Flight Services, Paragraph 3-2-2, Conduct of Abbreviated Briefing, to add the "VFR Flight Not Recommended" (VNR) statement to an abbreviated briefing, if applicable.
2. **Audience.** This notice applies to System Operations Services, Flight Services.
3. **Where Can I Find This Notice?** This notice is available on the MyFAA employee Web site at [https://employees.faa.gov/tools\\_resources/orders\\_notices/](https://employees.faa.gov/tools_resources/orders_notices/) and on the air traffic publications Web site at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/).
4. **Procedures.** Amend paragraph 3-2-2 to read as follows:

**3-2-2. CONDUCT OF ABBREVIATED BRIEFING**

Provide an abbreviated briefing when a pilot requests information to supplement mass disseminated data; update a previous briefing; or when the pilot requests that the briefing be limited to specific information.

- If applicable, include the VFR flight not recommended statement in accordance with subparagraph 3-2-1b2. Pilot briefers must issue the following cautionary advisory to a pilot planning a flight outside of United States controlled airspace, unless the pilot states "I have the international cautionary advisory":

**PHRASEOLOGY-**

*CHECK DATA AS SOON AS PRACTICAL AFTER ENTERING FOREIGN AIRSPACE, AS OUR INTERNATIONAL DATA MAY BE INACCURATE OR INCOMPLETE.*

No further changes to paragraph.

5. **Distribution.** This notice is distributed to the following Air Traffic Organization (ATO) service units: Terminal, En Route and Oceanic, and System Operations Services; the ATO Office of Safety; Office of the Service Center; the Air Traffic Safety Oversight Service; the William J. Hughes Technical Center; and the Mike Monroney Aeronautical Center.
6. **Background.** This change incorporates an interpretation issued by Flight Services Safety and Operations Support in November 2005 to require, when applicable, the issuance of a VNR statement when conducting an abbreviated briefing. FAA Order JO 7110.10, Paragraph 3-2-2a, currently requires specialists to provide details regarding adverse conditions in accordance with subparagraph 3-2-1b1, but does not include the reference to VNR.

Nancy B. Kalinowski  
Vice President, System Operations Services  
Air Traffic Organization
