

NOTICE

U.S. DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

Air Traffic Organization Policy

N JO 7340.928

Effective Date:
September 9, 2026

Cancellation Date:
September 9, 2027

SUBJ: Foreign ICAO Three Letter Designator (3LD) and Telephony Designator Additions, Modifications, and Deletions (excluding U.S.)

- 1. Purpose of This Notice.** This notice modifies FAA Order JO 7340.2, *Contractions*, Chapter 3, Sections 1, 2, and 3, *ICAO Aircraft Company/Telephony/Three-Letter Designator*. This notice reflects recent changes initiated by countries other than the United States (U.S.) including additions and deletions of International Civil Aviation Organization (ICAO) three-letter designators (3LDs) and telephony designators; and modifications to ICAO 3LDs, telephonies, and companies/agencies. This notice supplements FAA Order JO 7340.2 until these changes are incorporated into the order. This notice does not replace or substitute for GENOTs issued by the Federal Aviation Administration (FAA) Air Traffic Organization (ATO) for ICAO 3LD and telephony designators assigned and authorized for U.S. aircraft operators.
- 2. Audience.** This notice applies to the following ATO service units: Air Traffic Services, and System Operations Services; ATO Safety and Technical Training; and all associated air traffic control facilities. This notice is informational in nature and does not require documentation as supplemental training in FAA Form 3120-1, Training and Proficiency Record.
- 3. Where Can I Find This Notice?** This notice is available on the MyFAA employee website at https://employees.faa.gov/tools_resources/orders_notices/ and on the air traffic publications website at http://www.faa.gov/air_traffic/publications/.
- 4. Duration of this Notice.** This notice is temporary and will be superseded by FAA Order JO 7340.2 when the listings in this notice are published within that order.
- 5. Source: International Civil Aviation Organization.** The source document for the ICAO 3LD and telephony designator additions, and modifications, and deletions contained in this notice is ICAO Document 8585, *Designators for Aircraft Operating Agencies, Aeronautical Authorities, and Services*, dated September 01, 2026. Therefore, the validation date for these ICAO changes is September 01, 2026. This validation date may differ from the effective date of the notice due to the processing time needed by ATO to receive ICAO Document 8585 and identify the changes.
- 6. Procedures/Responsibilities/Action.** Add the following ICAO 3LD and telephony designator and associated information to FAA Order JO 7340.2, Chapter 3, Sections 1, 2, and 3, as follows:

ICAO 3LD and Telephony Designator Additions, Deletions, and Modifications (excluding U.S.) Addendum to FAA Order JO 7340.2 (Changes valid September 01, 2026)

7. Background. Between the 3–4-month publication cycle of FAA Order 7340.2, GENOTs are issued by ATO, as necessary, to provide notification of ICAO 3LD and telephony designator additions and modifications for U.S. aircraft operators. The information and changes contained in these GENOTs are then incorporated into FAA Order JO 7340.2 when the publication cycle permits. However, foreign countries also process ICAO 3LD and telephony designator additions and modifications for foreign aircraft operators between these publication cycles. ATO does not issue GENOTs for these foreign ICAO additions and modifications leaving these changes to await the next publication date of FAA Order 7340.2. In an effort to notify ATC and the U.S. public of these foreign ICAO additions and modifications in a more timely manner, ATO will issue a notice on an approximate monthly basis. The listings are extracted from ICAO Document 8585, *Designators for Aircraft Operating Agencies, Aeronautical Authorities and Services*, and verified by ATO System Operations Security. These notices will be issued as temporary addendums to FAA Order 7340.2.

8. Distribution. This notice is available online and will be distributed electronically to all offices that subscribe to receive email notification/access to it through the FAA website (https://www.faa.gov/air_traffic/publications/).

Sean E. Hook
 Director, System Operations Security
