U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION

N 8900.780

National Policy

Effective Date:
6/26/26

Cancellation Date:
6/26/27

SUBJ: Renaming of Palm Beach International Airport (KPBI/PBI) to President Donald J. Trump International Airport (KDJT/DJT)

- 1. Purpose of This Notice.** This notice provides information to Federal Aviation Administration (FAA) aviation safety inspectors (ASI) on Palm Beach International Airport (International Civil Aviation Organization (ICAO) Airport Code KPBI/International Air Transport Association (IATA) Airport Code PBI) changing to President Donald J. Trump International Airport (ICAO KDJT/IATA DJT) and directs possible action(s) related to certificates, authorizing documents, and data in various information systems.
- 2. Audience.** The primary audience for this notice includes Flight Standards (FS) Safety Assurance offices' principal inspectors (PI) with oversight responsibility for Title 14 of the Code of Federal Regulations (14 CFR) parts 91, 91 subpart K (part 91K), 121, 125, 129, 133, 135, 137, 141, 142, 145, and 147. The secondary audience includes all FS offices.
- 3. Where You Can Find This Notice.** You can find this notice on the MyFAA employee website at https://employees.faa.gov/tools_resources/orders_notices and the Dynamic Regulatory System (DRS) at <https://drs.faa.gov>. Operators and the public can find this notice on the FAA's website at https://www.faa.gov/regulations_policies/orders_notices and DRS.
- 4. Background.** On March 30, 2026, Florida Governor Ron DeSantis signed legislation to rename "Palm Beach International Airport" to "President Donald J. Trump International Airport," effective July 9, 2026.
- 5. Discussion.** Due to KPBI/PBI changing to KDJT/DJT, changes to the following may be necessary:
 - a. Certificates.** Air Agency Certificates, Air Carrier Certificates, and Operating Certificates.
 - b. Authorizing Documents.** Authorizing documents, such as operations specifications (OpSpecs)/management specifications (MSpecs)/Letters of Authorization (LOA), in the Safety Assurance System (SAS) Operations Safety System (OPSS).
 - c. SAS.** Various operator airport data contained in SAS Configuration [Module 1]. This may include changes to Principal Place of Business, Principal Base of Operations, Principal

Maintenance Base, and addresses of the operators or operator airport data maintained in SAS and other FS repositories. Beginning July 9, 2026, operators will receive an automatic pop-up notification in SAS when navigating to “Airport Details” within the “Configuration Data” tab of Configuration [Module 1] (see the example below).

The screenshot displays the 'Airport Details' configuration page. It is divided into two main sections: 'Available Airports' and 'Assigned Airports'. A warning dialog box is overlaid on the 'Assigned Airports' section, stating: 'Warning: Your Assigned Airports list contains airport(s) that are inactive. Please remove those airport(s) and reissue any authorizing documents that reference them.' The 'Assigned Airports' table below shows three entries, with the second entry (KPBI/PBI) highlighted by a red box, indicating it is the one mentioned in the warning.

| ICAO Code | IATA Code | FAA LOC ID | Location | Name | City | State/Province | Country |
|-----------|-----------|------------|--|--|-------------|----------------|---------------|

| Yes | PANC | ANC | | ANCHORAGE/IED STEVENS ANCHORAGE INTL, AK | ANCHORAGE/IED STEVENS ANCHORAGE INTL, AK | Anchorage | Alaska | United States |

6. Action.

a. PIs should review and determine if their assigned certificate holders (CH) need to amend information to reflect the airport name change from KPBI/PBI to KDJT/DJT by:

- Amending a certificate.
- Amending authorizing documents (OpSpecs/MSpecs/LOAs) to reflect the airport name change.
- Updating the airport data in SAS Configuration [Module 1] or other FAA repositories.

b. PIs are expected to remind their assigned CHs via email, letter, or other communication methods that they might not be in compliance with FAA regulations after October 7, 2026, if

they do not make these changes and/or submit any applications for amendments to affect such changes, as necessary.

Note: Safety Assurance offices and PIs must consider the FAA Compliance Program when determining appropriate action if an operator is not in compliance with existing regulations (refer to FAA Order 8900.1, Volume 14, Compliance and Enforcement, and FAA Order 2150.3, FAA Compliance and Enforcement Program). Additionally, PIs overseeing 14 CFR part 129 operators may consider a foreign referral (refer to Order 8900.1, Volume 12, International Aviation).

7. Disposition. We will not incorporate the information in this notice into Order 8900.1, and it will be archived upon expiration. Direct questions or comments concerning the information in this notice to the Air Transportation Division (AFS-200) at 9-AFS-200-Correspondence@faa.gov.

Jonathan D. Ottney for
Hugh Thomas
Executive Director, Flight Standards Service
