

NOTICE

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION

N 6200.55

National Policy

Effective Date:
June 16, 2008

Cancellation Date:
June 16, 2009

SUBJ: Test Equipment Management Handbook

1. Purpose of this Notice. This notice provides clarification to the reference in FAA Order 6200.4F, Test Equipment Management Handbook, to System Maintenance Office (SMO) and regional office. This clarification is necessary due to the Air Traffic Organization (ATO) realignment and is required by a recent audit conducted by the Air Traffic Safety Oversight Service (AOV) on the Test Equipment Management Program.

2. Audience. This order applies to all ATO organizations.

3. Where can I Find This Notice? This notice can be found at https://employees.faa.gov/tools_resources/orders_notices/

4. Clarification. Within FAA Order 6200.4F:

a. All references to Regional Airway Facilities Division should be changed to Service Area Office for Technical Operations.

b. All references to AF System Management Offices should be changed to District Office.

c. All references to Regional Test Equipment Program Manager (RTEPM) should be changed to Service Area Test Equipment Program Manager (SATEPM).

5. Update of Order 6200.4F. The information contained in this notice will be incorporated into Order 6400.4G, National Test Equipment Program Management. The update to this order is expected by the fourth quarter of fiscal year 2009.

Steve Zaidman
Vice President, Technical Operations Services
