 - b. **Figure 2** is an alphabetical index of subject classification code titles.
 - c. **Figure 2-1** is a numerical index of subject classification code numbers.
 - d. **Appendix 1, Current Orders**, lists all current national orders and internal orders. This appendix also identifies national orders that have been supplemented (see paragraph 5j).
 - e. **Appendix 2, Washington Headquarters and National Supplements**, which have been issued to national orders.
 - f. **Appendix 3, Notices Issued**, lists all current notices and notices issued during this reporting period, including applicable expiration dates.
 - g. **Appendix 4, Canceled Orders**, lists orders canceled during this reporting period.

 - j. **Asterisks (*)** immediately preceding the title of the order identify the order as being supplemented.
 - k. **Number Signs (##)** preceding a title identify the directive as security classified or administratively-restricted. See Order 1600.2D, Safeguarding Controls and Procedures for Classified National Security Information and Sensitive Unclassified Information, for more information regarding security-classified and administratively-restricted directives.

m. The at (@) Symbol preceding the title of any directive means that it is stocked and distributed by the Technical Center, Standards and Services Branch, ACT-71.

n. The Dollar Signs (\$\$) preceding the title of any directive means that it is stocked and distributed by Aviation System Standards (AVN) in Oklahoma City.

6. OFFICE OF PRIMARY RESPONSIBILITY (OPR). The appropriate Directives Management Officer (DMO) shall submit an action code 2 on FAA Form 1320-6, Directives Issuance Record, to identify the appropriate OPR when the routing symbol has changed.

7. PUBLICATION FREQUENCY. This automated DMIS checklist is published semiannually.

8. COPIES OF DIRECTIVES. The Corporate Information Division (APF-100) **does not stock directives**. The division maintains a set of current directives on microfiche for reference. Requests for paper copies of current directives should be directed to the DOT Warehouse, SVC-121.23, by FAA Form 1720-11, Publication(s) Request, memorandum, or route slip. Requests for copies can be faxed to the DOT Warehouse at 301-386-5394. If copies of directives are unavailable at the DOT Warehouse or additional information on current directives is required, you should direct your inquiry to the OPR of the directive.

9. REVALIDATION DATE. Recently issued directives contain a revalidation date of 000_ depending on the month of issue. Each office should review their directives and provide an updated revalidation date.
