Federal Aviation Administration

Memorandum

Date: 6/3/21

To: Technical Operations Directives Management Officer, AJG-P11

From: James D. Linney, Director, Operations Support, AJW-1

Subject: **INFORMATION:** Cancellation of Order 1720.30C, Distribution of Airway Facilities Technical Directives

Cancellation

We request the cancellation of Order 1720.30C, Distribution of Airway Facilities Technical Directives, dated 04/26/2000. The relevant contents of this directive have been moved to electronic distribution online via NAS Technical Library website at https://technet.faa.gov/nase, Directives Information System at https://dis.faa.gov, or by downloading the NAS Document Distribution Application (NASDDA) at https://technet.faa.gov/nasdda.

Safety Risk Management (SRM)

A Safety Risk Management (SRM) panel was assembled to review and analysze the impact of canceling this order. The SRM panel determined there is not a safety impact to the NAS with the cancellation of Order 1720.30C, as there are no longer any users of this order.

Points of Contact

Amy Newman, Policy Analyst, NAS Operational Policy Team, AJW-163, will represent our organization for any questions on this memorandum: She can be reached at amy.newman@faa.gov or via telephone at (308) 249-3372.
