

APPENDIX 1. SOUTHWEST REGION WORKPLACE VIOLENCE POLICY STATEMENT

With the increasing number of violent occurrences in the workplace across the country, there is a need to assess and manage the potential for violence within our Region. It is the goal of the Southwest Region of the Federal Aviation Administration to provide a safe and secure workplace, free from acts or threats of violence, and to respond in the event that such acts or threats of violence do occur to the extent required by law. The Southwest Region will pursue the goal of a safe and secure workplace through awareness, education, strategies to handle situations and follow-up.

Acts of violence or threats of violence, whether direct or indirect, in the workplace will not be tolerated. Appropriate action will be pursued on all substantiated allegations.

Any employee aware of such acts or threats should immediately inform their supervisor or, after normal administrative hours, the Regional Operations Center at (817) 222-5006.

Clyde M. DeHart, Jr.
Regional Administrator,
Southwest Region, ASW-1
