## CHAPTER 1. GENERAL

**1-1 PURPOSE** This Order contains a listing of all publicly and privately owned public-use airports that are affected by agreements with the Federal Government.

**1-2 DISTRIBUTION** This Order is distributed to Director level in Washington headquarters, except the Office of Airport Standards, Office of Airport Planning and Programming, Office of Flight Standards, and Air Traffic Service to branch levels; Regional Airports, Air Traffic, and Flight Standards Divisions; Airports District/Field Offices, Flight Standards District Offices, and General Aviation District Offices.

**1-3 CANCELLATION** Order 5190.2Q, List of Public Airports Affected by Agreements with the Federal Government (RIS: AP 5190-1), dated June 2, 1986, is canceled.

**1-4 EXPLANATION OF CHANGES** This Order has been updated to reflect changes in the type(s) of agreement(s) and in the airport status and to add new obligated airports. Chapter 13 shows the civil airports required by the Department of Defense for national emergency use. (See release requirement in Order 5190.6A, Airports Compliance Requirements, paragraph 7-7d.)

**1-5 ACTION** Airports Divisions shall accumulate changes to this Order and note them on a computer run which will be furnished during the month of January beginning in 1988. These revised computer runs will be returned to the Office of Airport Safety & Standards, Attention: AAS-310, no later than the last day of February. Transmit these changes by letter under the subject: "Corrections to List of Airports Affected by Agreements (RIS: 5190-1)."

### **1-6 SCOPE**

a. This Order contains a listing of all publicly and privately owned public-use airports in the United States, Puerto Rico, the Virgin Islands, American Samoa, the Trust-Territory of the Pacific Islands, and Guam that are affected by agreements with the Federal Government under the following programs:

- (1) Airport Development Aid Program (ADAP)  
Agreement: Grant Agreement
- (2) Federal-Aid Airport Program (FAAP)  
Agreement: Grant Agreement or Advance Planning Agreement
- (3) Development Landing Areas National Defense (DLAND), Development Civil Landing Areas (DCLA), and AP-4 Agreements (Resolution by Governing Jurisdiction)
- (4) Surplus Property Act of 1944, as amended  
Agreement: Conveyance Pursuant to Section 13 (War Assets Administration (WAA) Regulation 16 or Public Law 80-289)
- (5) Federal Airport Act of 1946, as amended  
Agreement: Deed or Conveyance Pursuant to Section 16
- (6) Federal Aviation Act of 1958, as amended  
Agreement: Instrument of Conveyance Pursuant to Section 303(c)
- (7) Civil Rights Act of 1964, as amended  
Agreement: Assurances Pursuant to Title VI: Reference Department of Transportation Regulations, Part 23
- (8) Airport and Airway Development Act of 1970  
Agreement: Deed of Conveyance Pursuant to Section 23

(9) An agreement executed by the owner of a privately owned public-use airport for navigational facilities installed under the F&E program. (See FAA Order 6030.40, FAA Policy for Receiving Assurances when establishing F&E Facilities at Privately-Owned, Public-Use Airports, dated November 15, 1973.)

b. In some instances a listed airport is affected by more than one grant agreement or more than one surplus property agreement. The Obligations of an airport owner or sponsor are substantially the same whether one or more of these agreements are involved. For the purposes of this order, an indication that an airport is affected by either a grant agreement or a surplus property agreement means that it may be affected by one or more agreements.

**1-7 VARIANCES AMONG AGREEMENTS** Provisions of the agreement(s) entered into under the above programs are not uniform. Differences also exist among the agreements under a particular program; therefore, examine the specific agreement(s) concerned to ascertain the terms applying to any individual airport.

**1-8 RESERVED**

## CHAPTER 2. HEADINGS, ABBREVIATIONS, AND CODES USED IN AIRPORTS LISTING

**2-1 HEADINGS** The following headings are used to set apart columnar data to enable users easy identification of the type(s) of agreement(s) affecting each airport as well as the airport's status relative to its agreements. Airports are grouped by state within each region. The number of Federal agreement airports within each region is provided in parentheses following each chapter heading. Within each chapter, the number within each state is provided at the end of each state listing.

a. **FAA Site Number** The number assigned to a particular airport by the FAA for positive identification and statistical purposes. Each site number contains a suffix. "A" identifies an airport, "C" identifies a seaplane base, and "H" identifies a heliport.

b. **Location** The associated city or town which the airport normally serves and as reported on the Airport Master Record, FAA Form 5010-1. This location does not necessarily identify the airport owner or sponsor.

c. **Official Airport Name** The airport name specified by the airport owner or sponsor and as reported on the Airport Master Record, FAA Form 5010-1.

d. **Type(s) of Agreement(s)** Those agreements identified in Chapter 1-6a, paragraph 2-2, and paragraph 2-2 of this Chapter.

e. **Status** The airport's situation with respect to those items listed under the numerical code for status, paragraph 2-2b of this Chapter.
