

Federal Aviation Administration

Memorandum

Date: December 18, 2017

To: Al Spence, Directives Program Manager, ASP-110

From: Michael A. Berry, M.D., M.S., Federal Air Surgeon, AAM-001
Michael A. Berry, M.D., M.S.

Prepared by: Nicole Harrison, Program Analyst, AAM-120

Subject: Cancellation Notice for FAA Order 3900.1D, FAA Blood Donor Program

The purpose of this memorandum is to request the cancellation of FAA Order 3900.1D, FAA Blood Donor Program, dated June 3, 2014. The Order prescribes the responsibility for the FAA Blood Donor Program within FAA headquarters offices and services.

After careful review of the Order, the Office of Primary Responsibility (OPR) determined that blood drives are no longer scheduled nor conducted at FAA Headquarters in Washington, DC; therefore, the Order is obsolete and no longer necessary.

Based on this assessment, please cancel Order 3900.1D, FAA Blood Donor Program. This Order has no impact on other LOBs. The Point of Contact for this request is Nicholas Lomangino, M.D., Medical Specialties Division, AAM-201, 202-267-7805.
