## Memorandum

Date: February 28, 2014  
To: Nelson Hines, Manager, Community Enterprise, AJG-P32  
From: Gene Burdick, Manager, Technical Requirements and Forecasting, AJG-4R  
Subject: Cancellation of Legacy Directives

---

In meeting the FAA long-term goal of keeping directives current, we are requesting cancellation of the attached list of Orders for the following reasons: Due to changes in the hiring process required by the Barrier Analysis Report, there are no personnel or organizations that will use these directives, so none are impacted by their cancellation. None of these directives are being used nor are there any plans under which we foresee that they could be used in the future.
