

Federal Aviation Administration

Memorandum

Date: JAN 23 2013
To: Al Spence, Program Manager, Directives (AES-200)
From:  Carl Burrus, Director, Office of Budget & Programs (ABP-1)
Subject: Request to Cancel FAA Financial Order 2500.35D

I hereby request cancellation of FAA Financial Orders 2500.35D, “*Reimbursable Agreements Covering Goods and Services Provided by the FAA*” (August 30, 2007).

Standard operating procedures related to the preparation, approval, and management of reimbursable agreements in which the FAA provides goods or services whereby the recipient or project sponsor pays associated costs now reside in Volume 4, Chapter 6 of the FAA Financial Manual. The Office of Budget & Programs carefully reviewed the order and corresponding Financial Manual chapter and determined the need and purpose Order 2500.35D no longer exists.
