## Memorandum

Date: SEP 10 2015

To: Tonya Trice, Air Traffic Organization, Directives Program Manager, AJG-P32

From: Tony Mello, Director, Air Traffic Operations, CSA North, AJTCN  
Anthony D. Roetzel, Director, Air Traffic Operations, CSA South, AJTCS

Subject: **ACTION:** Request Cancellation of Order JC 7210.23C, Central Service Area Air Traffic Control Safety Assurance Program

---

### Summary:

We request the cancellation of Order JC 7210.23C Central Service Area Air Traffic Control Safety Assurance Program, dated December 1, 2008. This directive has been superseded by JO 7210.634, Air Traffic Organization (ATO) Quality Control, and is no longer in use. It is an obsolete directive for which the Central Service Area Quality Control Group is the office of primary interest.

### Safety Risk Management Information:

A Safety Management System expert was consulted on the cancellation of this order. The cancellation of this order does not impact National Airspace System safety as it is no longer in use and has no operational impact and therefore requires no further Safety Risk Management evaluation.

If you have further questions please contact Sheena K. Smith of the Central Service Center Administrative Services Group at (817) 222-4905.
