

Federal Aviation Administration

Memorandum

Date: NOV 07 2016
To: Al Spence, Directives Program Manager, ASP-110
From:  James R. Fraser, M.D., Federal Air Surgeon, AAM-1
Subject: Cancellation Notice for FAA Order AM 9000.2C - Control and Disposition of Narcotics and Dangerous Drugs

The Office of Aerospace Medicine (AAM) would like to cancel FAA Order AM 9000.2C - Control and Disposition of Narcotics and Dangerous Drugs Order. The order defines responsibilities for controlling and accounting for narcotics and dangerous drugs, and applies to the Civil Aerospace Medical Institute (CAMI) medical clinic stocking, administering, and dispensing of these items.

It has been determined that CAMI no longer maintains narcotics and dangerous drugs in the CAMI clinic; therefore, the order is obsolete and no longer necessary.

AAM requests that the order be cancelled immediately.
