TRAINING PROFILE - GENERAL AVIATION AND AIR CARRIER AIRWORTHINESS/  
SUBJ: AVIONICS INSPECTORS

1. PURPOSE. This order establishes the New England Region, Flight Standards Training Profile for general aviation and air carrier airworthiness safety inspectors.
2. DISTRIBUTION. This order is distributed to division level and above in regional headquarters, branch level and above in Flight Standards Division, and to all General Aviation and Air Carrier District Offices in the New England Region.
3. BACKGROUND. Order 8600.2, Training Profile - General Aviation Airworthiness/Avionics Inspectors, and Order 8300.6, Training Profile - Air Carrier Airworthiness Maintenance/Avionics Inspectors, establish the background requirements for certain technical and management training of airworthiness inspectors.
4. ACTION. Each district office chief shall develop a training profile to ensure the orderly career advancement of each individual airworthiness safety inspector in their respective office. Orders 8300.6 and 8600.2 should be used as guides in establishing these profiles.
5. RESPONSIBILITY. Each district office is responsible for:
  - a. Developing and implementing a formal training plan to include career counseling and planning for each assigned inspector which will ensure accomplishment of their individual training profile.
  - b. Establishing and monitoring on-the-job (OJT) training for each assigned inspector within a specified period.
  - c. Maintaining a training profile on each inspector at the inspector's duty office. This record will go with the inspector in the event of transfer and its implementation will be continued.
6. REFERENCE MATERIAL.
  - a. The Air Carrier Airworthiness Inspector's Handbook, Order 8320.12, and the General Aviation Airworthiness Inspector's Handbook, Order 8600.1, will be the principal reference for instructing inspectors in procedures for accomplishing assigned job functions.
