CENTRALIZED TRAINING TRAVEL MANAGEMENT SYSTEM (CTTMS). Centralized training is charged to the program element code applicable to the type of training and not to the program element code where the employee is assigned. For example, if an Air Traffic Division employee attends an Airway Facilities training course, training costs would be charged to program element code 260 instead of 181.

1. Applicable Courses. AAC-21C will process all student vouchers and travel orders for course numbers 50028, 50030, 50166, 50230, 50234, 50320, and 50325.

2. Procedures. Effective October 1, 1990 (Fiscal Year 1991) all centralized training travel funded by the operations appropriation, except for regional personnel transferring into the ATC developmental program, will be handled as indicated below.

a. Travel Advances. Regions will provide student travel advances for employees attending training.

(1) Travel advances - on Standard Form 1038, Block 9a, cite the travel order number from the training travel order (Block 2). On Block 11 of the SF-1038 cite the accounting classification code for Block 16 of the travel order. Also include the employees home cost center code.

For example: A/001.0/1840/816/2120, cost center code 4-4761

(2) Accounting offices will record the travel advances to their records using their normal document identification and accounting classification. Accounting offices will not charge travel advances to AAC's accounting records.

b. Travel Orders:

(1) For regionally arranged and conducted training, cite your normal accounting classification on travel orders as follows: **(ACCOUNTING (AWP-26) WILL OBLIGATE THESE FUNDS AGAINST REGIONAL TRAINING FUNDS)**

(a) Region code/appropriation/region cost center/regional program element/object class.

Example: 4/001.0/R840/81R/2120

(b) Regionally arranged and conducted training codes:

<u>Training Program</u>	Program Element <u>Code</u>	Cost Center <u>Code</u>
Regionally Arranged Technical Training	81R	4-R840
Regionally Arranged Management Training	81W	4-R840

(2) For nationally sponsored training, cite the Aeronautical Center's region code in the accounting classification on travel orders as shown below. Additionally, the course number and class number must be referenced in Block 16 of the travel order. If the training is an official string course, the single string course number and class number should be referenced. If other multiple courses are to be taken, each course and class number should be referenced on the travel order. **(ACCOUNTING (AWP-26A) WILL NOT OBLIGATE THESE TRAVEL ORDERS, TRAVEL FUNDS WILL BE OBLIGATED BY THE AERONAUTICAL CENTER.)**

(a) Region code "A"/appropriation/region cost center/national program element/object class.

Example: A/001.0/1840/182/2120

(b) Nationally sponsored training codes:

<u>Training Program</u>	Program Element <u>Code</u>
Air Traffic Training (Performance Verification)	181
Air Traffic Training	182
Airway Facilities Training	260
Division Staff and Support	90T
Airway Facilities Training	261
Legal Training	91T
Flight Standards Training	42T
Civil Aviation Security Training	417
Certification Training	41T

<u>Training Program</u>	Program Element <u>Code</u>
Aviation Medical Training	48T
Airports Training	751
NAS Logistics Technical Training	380
NAS Logistics Other Training	381

(3) Regional transfers to ATC Developmental Programs. Regions will prepare travel advances and GTRs, if required, and forwarded them to AAC-20 for processing as indicated below. **(ACCOUNTING (AWP-26A) WILL NOT PROCESS THESE VOUCHERS, TRAVEL ORDERS, REQUESTS FOR TRAVEL ADVANCES AND GTRS - THEY SHOULD BE FORWARDED TO AAC-20 FOR PROCESSING.)**

(a) Assign travel order numbers using the pattern "A" for ATC program "WP" for 2 digit regional designator, "00" for fiscal year, followed by the sequential travel order number.

Example: AWP-00-985

(b) Cite the following accounting classification on the travel order:

A/001.0/8410/182/2136

(c) Travel Vouchers. Students will cite the same fund Classification, course and class references on their travel vouchers that appeared on their travel orders.

RENTAL OR LEASE OF AIRCRAFT OR SIMULATOR. Code 422 has been established to accumulate obligations incurred for the rental or lease of aircraft and simulators. In addition, obligation documents are to show the user's cost center code. Therefore, rental of aircraft of simulators should be coded as follows:

1/ 2/ 3/
X01.0/422/4-XXXX/25XX

1/ For "X" use last digit of the fiscal year. Example: 001.0 for FY 2000.

2/ Use cost center code of person who rents the aircraft or simulator.

3/ 2506 is the object class code designating rental of aircraft simulators for maintenance of pilot currency.

2528 is object class code designating flight instruction for FAA employees, including ground and simulator training, at either Federal or nonfederal sources. 2528 should also be utilized for rental of aircraft.

AIR TRAFFIC CONTROLLER AND PILOT HEALTH PROGRAM MEDICAL EXAMINATION. Issue SF-44s for obligation and payment of such examinations. Use a travel voucher, or SF-1164 as appropriate, for claiming related travel expenses. Code the documents for these examinations and travel as follows:

1/ 2/ 3/
X01.0/480/4-XXXX/XXXX

LEASED TELECOMMUNICATIONS SERVICES. Use the following codes for leased telecommunications costs:

1/ 4/ 5/
X01.0/510/4-XXXX/XXXX - Operational Telecommunications - Regional telecommunications costs that are determined to be non-administrative by the regional Telecommunications Certifying Officer.

1/ 4/ 5/
X01.0/513/4-XXXX/XXXX - Other Telecommunications - Operational telecommunications costs not covered under the **DECCO** or **ARINC** elements.

X01.0/520/4-XXXX/XXXX - Administrative Telecommunications - Agency wide cost of GSA/FTS intercity services throughout the United States, including Alaska, Hawaii, and Puerto Rico. It also covers funding for commercial circuits and equipment required to support the Administrative Data Telecommunications Network (ADTN) and facsimile networks.

- 1/ For "X" use last digit of the fiscal year. Example: 001.0 for FY 2000.
- 2/ For medical program use applicable aviation medical program cost center code (4-B310, 4-B320, 4-B325, 4-B330, or 4-B335).
- 3/ For medical program, object class 2578 designates physical exams for air traffic controllers and pilot health programs. Use the appropriate object class for relate travel, which 2118, Air Traffic Controller and Pilot Health Program.
- 4/ For telecommunication services use applicable cost center code.
- 5/ For telecommunication services use applicable object class code.

CIVIL AVIATION SECURITY. Use the following codes for travel vouchers and other obligations for the Civil Aviation Security Programs listed below (**DO NOT** use on Personnel Actions - SF-52s):

1/ 2/ 3/
X01.0/462/4-XXXX/XXXX - Federal Air Marshal Program Element (FAM) - This element covers the funding for the operation of the Federal Air Marshall Program.

1/ 2/ 3/
X01.0/463/4-XXXX/XXXX - Foreign Airport Assessment Program Element - This element covers the funding for the Foreign Airport Assessment Program.

HAZARDOUS MATERIAL. Program element 215.

1/ For "X" use last digit of the fiscal year. Example: 001.0 for FY 2000.

2/ Use employee's cost center code.

3/ Use applicable object class code.
